**SOLICITATION BY LEONARD J. BRANDT
OF WRITTEN CONSENT OF STOCKHOLDERS OF CNS RESPONSE, INC.**

INFORMATION CONCERNING THIS SOLICITATION AND CONSENTING

Leonard J. Brandt hereby requests consent from holders of Common Stock of CNS Response, Inc. (the "Company"). Please indicate your "Consent" by signing, dating and sending the enclosed Pink Consent Card (the "Consent") to Leonard J. Brandt using the pre-addressed envelope provided for your convenience. The address for delivery of Consents to Leonard J. Brandt is 31878 Del Obispo St., Suite 118-131, San Juan Capistrano, CA 92675.

Leonard J. Brandt is separately soliciting both proxies for a special stockholder meeting in lieu of an annual meeting and written consents of stockholders, each of which are intended to accomplish the same purposes.

The Company has challenged the validity of the special meeting called by Mr. Brandt, and bases challenges to the special meeting on a supposed belief in an interpretation of its Bylaws that allows the Company to dictate the timing of special meetings, and, therefore, Mr. Brandt is also soliciting written consents because they can accomplish the same ends without being subject to challenges based on the Company's interpretation of its Bylaws. In fact, Delaware corporations cannot limit the use of written consents by adopting contrary bylaws, and the only effective limitations on written consents would be set forth in the certificate of incorporation, and cannot be adopted by the Board absent prior approval of its stockholders.

If you provide Mr. Brandt both a proxy card and a written consent, he will use each or both in the manner which he judges most effective to accomplish the goals of replacing the incumbent Board of Directors.

If you provide both a proxy and a written consent, and wish to revoke either or both of them, then each must be separately and timely revoked. See "REVOCABILITY OF CONSENTS" herein and the instructions in the proxy statement about revoking proxies, as applicable.

Under the Delaware Corporation law and the Company's Bylaws, votes represented by proxies will be counted at the earliest time when a quorum is present or represented by proxy at the special meeting. A quorum is a majority of the outstanding shares.

Under the Delaware Corporation law, written consents will take effect when written consents of a majority of the outstanding shares are delivered to the Company.

[IN THE DEFINITIVE CONSENT SOLICITATION STATEMENT, THE FOLLOWING PARAGRAPH WILL READ AS FOLLOWS: Definitive copies of this Consent Solicitation Statement and Pink Consent Card were first sent or given to stockholders on approximately _____, 2009.]

[IN PRELIMINARY CONSENT SOLICITATION ONLY: Definitive copies of this Consent Solicitation Statement, when filed with the Securities and Exchange Commission, are intended to be first sent, given or released to holders of Common Stock on August 15, 2009, which is 10 days after the filing of this preliminary Consent Solicitation Statement or after such shorter period prior to that date as the Securities and Exchange Commission may authorize upon a showing of good cause.]

The consents of stockholders expire unless the Company receives consents signed by holders of a majority of the outstanding stock within sixty (60) days after the first-dated consent. The first-dated consent will be dated on the date that this Consent Solicitation Statement is filed in definitive form.

Thus the consent solicitation period will expire upon the earlier to occur of (i) delivery to the Company of consents of holders of a majority of the outstanding Common Stock or (ii) the sixty-first calendar day after this Consent Solicitation Statement is filed in definitive form with the Securities and Exchange Commission.

The Company will give notice to stockholders if Proposals 1 or 2 are approved. The Delaware General Corporation Law and the Company's Bylaws require the Company to give notice of the adoption of any action by written consent to all stockholders who do not give consents. Rule 14c-1 et seq. under the Securities Exchange Act of 1934 also requires the Company to give notice to stockholders in the form of an Information Statement prescribed by Schedule 14C unless the Company solicits consents from all the stockholders. The stockholders entitled to such

notice are the stockholders as of the time written consents of the holders of a majority of the outstanding Common Stock shall have been delivered to the Company.

Notice is not required to be sent to stockholders upon the expiration of the consent solicitation period by lapse of time if no Proposal is approved. This may constitute your only notice of the expiration of the consent solicitation period on the 61st calendar day after this consent solicitation statement is filed in definitive form.

The Delaware General Corporation Law in Section 228(e) provides that "Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall be given to those stockholders or members who have not consented in writing and who, if the action had been taken at a meeting, would have been entitled to notice of the meeting if the record date for such meeting had been the date that written consents signed by a sufficient number of holders or members to take the action were delivered to the corporation as provided in subsection (c) of this section."

The Company's Bylaws, in Article 1, Section 1.10, provide that "prompt notice of the taking of corporate action without a meeting by less than unanimous written consent shall be given to those stockholders who have not consented in writing."

Rule 14c-1 under the Securities Exchange Act requires a registrant to furnish an Information Statement on Schedule 14C.

Concerning notice to security holders of the results of the solicitation, in the event that the solicitation is successful, I intend to cause the Company to give all notices required by the foregoing provisions.

CONSENT REQUIRED FOR APPROVAL; EFFECT OF ABSTENTIONS AND VOTES AGAINST

The only outstanding class of stock of the Company having voting rights is the Company's Common Stock, par value \$0.001 per share. Only holders of Common Stock are entitled to consent on the Proposals. Each share of Common Stock has one vote.

Consents of the holders of a majority of the outstanding shares of Common Stock are required to approve each of Proposal 1 and Proposal 2 in accordance with the Delaware General Corporation Law and the Bylaws of the Company.

If Proposal 1 is not approved, then incumbent directors would not be removed from the Board. The approval of Proposal 2, the election of the Nominees by written consent, will have no force or effect unless there are vacancies on the Board, such as those vacancies that would be created by approval of Proposal 1.

Consents will be counted when delivered to the Company. The Consent includes an authorization for Leonard J. Brandt or his designates to deliver Consents to the Company in any manner.

The Consents shall take effect on the earliest date that Consents from record holders of a majority of the outstanding Common Stock are delivered to the Company. No Consent shall have any effect unless Consents of holders of a majority of the outstanding Common Stock are delivered within 60 days after the earliest-dated Consent.

If a preference is not indicated on a signed and dated Consent delivered by any Stockholder, the Consent will be counted as FOR each of the Proposals.

"Disapproving" or "abstaining" on a proposal, and brokers' indicating a "non-vote" in any other manner, all have the same effect, and none is counted as a Consent on any Proposal.

A Pink Consent Card is included at the end of this document. If a preference is not indicated on a signed and dated Consent delivered by any Stockholder, the Consent will be counted as FOR each of the Proposals.

RECORD DATE; OUTSTANDING COMMON STOCK

Consents will take effect on the date that Consents are delivered to the Company signed and dated by Stockholders holding a majority of the then outstanding Common Stock (the "Record Date"). Stockholders who are holders of record of the Company's Common Stock on the Record Date are entitled to Consent. For approval of each proposal, Consent is required from the record holders of a majority of the shares of Common Stock that are issued and outstanding on the Record Date. Common Stock outstanding on June 26, 2009 is believed to be 28,349,171 shares. A majority of that number of shares would be 14,202,934 shares. The number of outstanding shares, and accordingly the number of Consents required, may be higher as of the Record Date to the extent additional shares of Common Stock are issued on or before the Record Date.

The Company's Board on July 20, 2009 adopted a resolution declaring a record date of August 27, 2009 for all stockholder meetings and all stockholder written consents.

The Company has further stated its intention to challenge the validity of written consents of stockholders. Until a record of stockholders is taken on August 27, the Company could claim that whether the persons giving consents own stock at the record date cannot be determined.

PROCEDURE TO GIVE CONSENT

Holders of shares of Common Stock on the Record Date are urged to sign, date and return the Pink Consent Card to Leonard J. Brandt via fax to (949) 743-2785 or send addressed to him at 31878 Del Obispo St., Suite 118-131, San Juan Capistrano, CA 92675.

If your shares of Common Stock are registered in more than one name, the accompanying Consent form should be signed by all such persons.

However, if your shares are held in the name of a brokerage firm, bank or nominee, only they can give Consent for your shares, and only upon receipt of your specific instructions.

If your shares are not held in a brokerage account and a stock certificate is registered in your own name you are the Stockholder of record. You may print out, sign and date the Consent form attached hereto.

On the other hand, if your shares are held in a stock brokerage account or by a bank or other nominee you are considered the beneficial owner of shares held in "street name," and in that case these proxy materials are being forwarded to you by your broker who is considered, with respect to those shares, the Stockholder of record. To sign the Consent as a beneficial owner, you may either—

A. Direct your broker to sign the Consent for your shares by sending a written directive to your broker to do so OR

B. Specifically request a document called a "legal proxy" from your broker which you will sign and date and forward with a signed and dated copy of the Consent.

IN EITHER CASE, SEND ALL CONSENTS TO LEONARD J. BRANDT AT 31878 DEL OBISPO ST., SUITE 118-131, SAN JUAN CAPISTRANO, CA 92675 OR BY FAX TO (949) 743-2785.

REVOCABILITY OF CONSENTS

Any Consent given pursuant to this solicitation is considered revocable by the person giving it at any time before it is used. Any Consent may be revoked by duly-executing a written notice of revocation of Consent or a Consent bearing a later date and delivering the same to Leonard J. Brandt at 31878 Del Obispo St., Suite 118-131, San Juan Capistrano, CA 92675 or by fax to (949) 743-2785 until the requisite number of consents have been obtained and delivered to the Company or its registered office.

PERSON MAKING THIS SOLICITATION

This solicitation of Consents is not made by the Company. Leonard J. Brandt is making this solicitation of Consents. The only other participants in the solicitation are the Nominees. Please see "**PROPOSAL 2, ELECTION OF DIRECTORS, Information With Respect to the Nominees**".

The participants may solicit Consents in person or by telephone, facsimile, internet, email, mail, courier, and delivery services. Leonard J. Brandt intends to conduct all solicitation activities primarily himself. Neither Leonard J. Brandt nor any of the other participants intends to conduct any solicitations through any regular employees, specially-engaged employees or proxy solicitation firms.

EXPENSES OF SOLICITATION

The entire expense of the solicitation of Consents will be borne by Leonard J. Brandt. Leonard J. Brandt currently estimates that the total expenditures for, in furtherance of, or in connection with the Consent solicitation will be approximately \$150,000. Leonard J. Brandt has incurred approximately \$50,000 of such expenses to date. Mr. Brandt has engaged Connie Chandler dba IR Strategies to advise on public relations, transmit consent soliciting materials, and solicit consents on an hourly basis at an estimated cost of between \$5,000 and \$10,000. If any of the Nominees are elected, Leonard J. Brandt intends to seek reimbursement from the Company for those expenses, but does not intend to submit the question of such reimbursement to a vote of the stockholders.

DISPUTE BY INCUMBENT BOARD ABOUT CONSENTS

In the U.S. District Court, the Company seeks an injunction against violation of section 14(a) and section 13(d) of the Securities Exchange Act of 1934 and against the use of proxies or consents previously solicited and seeks monetary damages. The Company's request for injunction states that it concerns the proxies or consents that were obtained before July 2, 2009. Mr. Brandt believes that the proceeding shall have no effect on a special meeting or written consent of stockholders because Mr. Brandt and others have filed Schedules 13D and Mr. Brandt shall have delivered a definitive proxy statement on Schedule 14A to all persons from whom proxies or consents are solicited. The issues and facts in dispute are currently before the U.S. District Court, Central District of California for consideration.

PROPOSAL 1 REMOVAL OF DIRECTORS

Leonard J. Brandt believes that the Stockholders should remove all incumbent members of the Board of Directors other than himself and is seeking your support by this Consent to remove those directors.

The effect of a consent card FOR this proposal would be to removeall of the incumbent directors other than Mr. Brandt and to create vacancies on the Board that can be filled by approval of Proposal 2. The removal of directors will take effect on the date that written consents of holders of a majority of the outstanding Common Stock are delivered to the Company. Thus, all incumbent directors, other than Leonard Brandt, as of that time would be removed.

The effect of a consent card AGAINST this proposal would be to removenone of the incumbent directors.

The effect of a consent card marked ABSTAIN or a non-vote of any kind would have the same effect as a consent card AGAINST, to remove none of the incumbent directors.

If Proposal 1 is not approved, then Proposal 2 (the election of Nominees by written consent) will have no force or effect.

When you sign, date and return the Pink Consent Card, you will be authorizing the removal of all incumbent members of the Board of Directors with the exception of Leonard J. Brandt, which will create vacancies that will be filled by Proposal 2. The election of directors by written consent of the stockholders requires that vacancies exist on the Board.

Potential Positive Effects of Approving the Proposal

The Proposal to remove the present incumbent directors (other than Mr. Brandt) only has a positive effect if the Proposal to elect the Nominees is also approved, in which case the Nominees will fill all of the existing Board seats and none of the incumbent directors (other than Mr. Brandt will continue to serve on the Company's Board).

Also see Proposal 2—"Potential Positive Effects of Approving the Proposal."

Potential Negative Effects of Approving the Proposal

In the event that the Proposal to remove the present incumbent directors (other than Mr. Brandt) is approved and if the Proposal to elect the Nominees is not approved, then Mr. Brandt will be the sole remaining director and will have the ability to fill all of the vacancies on the Board.

Also see Proposal 2—"Potential Negative Effects of Approving the Proposal."

PROPOSAL 2 ELECTION OF DIRECTORS

Leonard J. Brandt believes that the Stockholders should elect the Nominees as directors of the Company to serve until the next annual meeting and until their successors are elected and qualified. The Nominees have consented to be named herein and have agreed to serve if elected.

There are only six (6) nominees named in this consent solicitation statement, and, therefore, the holders of Consents shall only be entitled to vote for six (6) nominees.

The number of authorized directors, also known as the number of seats on the Board, can be set or changed from time to time by the incumbent Board of Directors. To the best of Leonard Brandt's knowledge, the number of seats on the Board is currently six (6), with five (5) seats filled and one vacancy authorized by the incumbent Board on April 10, 2009 when Daniel A. Hoffman was appointed or invited to the Board (although he either resigned or declined to become a director) or, if not earlier, on June 18, 2009 in connection with a proposal approved by a majority of the Board to appoint or invite John Pappajohn to the Board (although he has either resigned or declined to become a director). Mr. Brandt believes the vacancy continues to exist because he has no information concerning a subsequent Board resolution to reduce the number of seats, and also a representative of the Company has described to Mr. Brandt "an open invitation to John Pappajohn to join the Board." Mr. Brandt's information concerning Board resolutions is incomplete because the Company has declined Mr. Brandt's request to be provided all of the minutes of the Board.

If the number of authorized directors at the time of the election exceeds the number of Nominees, then even if all the Nominees are elected, to the extent of any incumbent directors filling seats on the Board that are in excess of the number of Nominees and other persons elected at the meeting, any incumbent directors filling such seats would continue as directors after the meeting because Article 2 Section 2.4 of the Company's Bylaws and Section 141 of the Delaware General Corporation Law provide that a director will continue in office until such director's successor is elected and qualified. This situation would occur only if prior to the Meeting, the Company's Board were to adopt a resolution to increase the Board size and elect directors to fill the seats created. To the extent that there are more incumbent directors than Nominees, there would be incumbent directors without successors elected. The holder of proxies solicited hereby will not have discretionary authority to vote for more than a total of the six (6) Nominees or substitute Nominees, and the holder of the proxy being solicited hereby cannot use discretionary authority to vote the proxies for other persons for those excess seats. Therefore any seats numbering in excess of six (6) may possibly be filled by the vote of stockholders or their proxies holding fewer shares than those held by persons supporting the nominees named herein. As the election of the Nominees by written consent involves the removal of all incumbent directors, with the exception of Leonard Brandt, then none of the incumbent directors could continue immediately following removal to hold a seat on the Board.

If the number of authorized directors at the time of the election is fewer than the number of Nominees, then the Nominees or other persons who receive the most consents will be elected, up to the number of seats to be elected.

Reasons for Recommending the Nominees for Election

The Nominees are independent businessmen and scientists with enthusiasm and respect for the efforts of the Company and its stockholders, developers and managers.

All Nominees have been in a position of knowledge of the Company's developments for some time. One (Dr. Bunney) is currently a scientific advisor of the Company, and one other (Mr. Murray) was asked to consider standing for election as a Board member by the Board as of early 2009. Another (Mr. Goren) is an informal advisor to the Company on genomic matters. Another (Mr. Yekutieli) has been involved with NuPharm, that developed some of the technology that the Company is utilizing. Of course, Mr. Brandt was the Company's CEO until April 2009.

Four of the Nominees (Messrs. Goren, Murray, Mazepink and Brandt) are or have been CEO's of small health-technology companies whose experiences are directly relevant to the stage, size and issues confronting the Company.

The nominees are experienced in relevant technical fields—

Five of the Nominees are experienced in the field of medical devices—Messrs. Murray, Goren, Bunney, Mazepink and Brandt.

Five of the Nominees are experienced in the field of genomics—Messrs. Bunney, Goren, Murray, Mazepink and Brandt.

Three of the Nominees are experienced in the field of brain physiology—Dr. Bunney, Goren and Brandt.

Two of the Nominees are experienced in the field of psychopharmacology—Messrs. Bunney and Brandt.

Two of the Nominees are experienced in the field of healthcare reimbursement—Messrs. Murray and Mazepink.

Two of the Nominees are experienced in the field of behavioral health management—Messrs. Bunney and Brandt.

One of the Nominees is experienced in the field of academic psychiatry — Dr. Bunney.

One of the Nominees is experienced in the field of academic psychiatry—Dr. Bunney.

THE NOMINEES' INTENTIONS AND PRESENT PLANS

Mr. Brandt is a proponent of reducing the Company's budget for the remainder of calendar year 2009 until at least the public announcement, anticipated in November 2009, of the results of Company's multi-site study of the effectiveness of the Company's patented rEEG technology.

Mr. Brandt believes that spending for commercialization of the Company's technology, and the financing needed for that spending, is premature before the clinical study's results are known publicly and can be fully appreciated by the investors who provide the financing.

The study concerns evaluating the effectiveness of rEEG in guiding selection of medications for test subjects with treatment-resistant depression. During that initial period, the budget would devote resources primarily to the completion of the Company's clinical trial followed by publicity and communication of the clinical trial's results. Accordingly, spending for marketing and other activities would be reduced. Mr. Brandt anticipates that the Nominees, if elected, would consider minimizing all expenditures of the Company, and the budget may involve termination of some employees and consultants, particularly those engaged in commercialization.

The larger the budget, the more financing that the Company would immediately need. Conversely, the smaller the budget, the less financing that the Company would immediately need. Before releasing the results of the clinical trial, raising a smaller amount of capital, only as necessary to meet immediate needs of the Company's reduced budget, Mr. Brandt believes is in the stockholders' best interests.

Mr. Brandt believes it is clearly in the stockholders' best interests, to raise more than minimal capital to advance commercialization of rEEG only after announcement and publicity of the multi-site treatment-resistant depression trial, currently anticipated to begin in November.

Mr. Brandt is also mindful of the onerous terms of the financing transactions completed in May 2009 between the Company and Sail Venture Partners and in June 2009 between the Company and John Pappajohn. Mr. Brandt believes that these agreements should be renegotiated. Sail Venture Partners and John Pappajohn are under no obligation to renegotiate the terms of the transactions. However, a possible legal basis to challenge the transactions may be, for instance, that a majority of the disinterested directors did not approve the transactions. See "CONCERNS ABOUT THE INCUMBENT BOARD (EXCEPT LEONARD BRANDT)," "CONCERNS ABOUT THE COMPANY'S FINANCING TRANSACTIONS" and "POTENTIAL NEGATIVE EFFECTS OF APPROVING THE PROPOSAL." If these agreements cannot be renegotiated, then other alternatives include legal action.

Those financings also created about \$1,800,000 of "bridge loan" indebtedness for the Company, all of which is currently due or may become due at any time if an Event of Default occurs and payment is then demanded by the holder of the indebtedness. In the event the Company completes an equity financing of at least \$1.5 million, the indebtedness provides for its automatic conversion into equity if the indebtedness then continues to remain outstanding. Mr. Brandt anticipates that raising the minimum amount of equity in order to cause the conversion of that indebtedness could be in the best interests of the Company and its stockholders. Mr. Brandt and the Nominees have not yet arranged for the \$1,500,000 of financing in order that the "bridge" loan obligations may convert into equity.

The Company owes about \$1.8 million of secured short-term indebtedness. All of this indebtedness is secured by substantially all of the Company's assets. Payment of approximately \$0.7 million of it could be demanded by the holders at any time. The remaining \$1.1 million will become due on June 12, 2010 or any earlier event of default specified in the debt instrument, and payment thereof could be demanded at any time thereafter.

Of that \$1.8 million, about \$0.25 million is owed to Mr. Brandt himself. On and after June 30, 2009, Mr. Brandt has the right to demand payment, but Mr. Brandt has no present plans to demand payment. At present, Mr. Brandt is satisfied to allow the debt to remain outstanding and potentially for it to be converted automatically into equity of the Company in accordance with its original terms and conditions if the debt remains outstanding until the Company completes an equity financing of \$1,500,000 or more in cash ("Qualified Financing").

Of that \$1.8 million, about \$0.45 million is owed to Sail Venture Partners, LP. On and after June 30, 2009, Sail has the right to demand payment, but thus far Sail has not demanded payment either. Similar to Mr. Brandt's debt, it would be converted automatically into equity of the Company upon a Qualified Equity Financing if it remains outstanding until a Qualified Equity Financing occurs.

The largest portion of that \$1.8 million, about \$1.1 million owed to John Pappajohn, which is not yet due and payable. It becomes payable on demand on the earlier of June 12, 2010 or various events of default. This debt too would be converted automatically into equity of the Company if it remains outstanding until a Qualified Equity Financing.

The holders of this debt also are holders of Common Stock or warrants to purchase Common Stock, and the debt itself is convertible into equity of the Company in certain events. Therefore the holders of the debt also have a financial interest in the future value of the Common Stock or other equity. Their interests as equity holders may to some extent mitigate the risk that they may demand payment and seek to collect the debt; however, no assurance is possible that such debt holders will forebear from demanding payment and collecting the debts.

The contingency plans made by Mr. Brandt to deal with this debt include raising additional capital. In the last 60 days, Mr. Brandt has received and had numerous calls expressing interest in further financing of the Company. Earlier, Mr. Brandt has had numerous discussions with potential investors in the Company, and Mr. Brandt and other stockholders had previously expressed interest, and to Mr. Brandt's best of knowledge continue to be interested, in being among the investors in the Company's financings. He received from multiple investors their expressions of interest in making substantial investments if the Company reports compelling validation of its rEEG technology in the multi-site clinical trial scheduled for completion in September. In addition, he also believes that other current stockholders would like a fair opportunity to participate in a financing by the Company and hopes to accomplish that through, perhaps a rights offering, if it is practicable to conduct one in compliance with all applicable laws.

The Company's clinical trial is concluding in September 2009, after which the trial's preliminary results will be known and could be made available, although a period of rechecking the data will be required before the results are finalized. Thereafter the Company's plans, Mr. Brandt believes, call for deferring public announcement of the final results until November at the World

Psychiatric Congress. More complete analysis of results may be made available after the Company shall have sought and hopefully obtained publication acceptance of the final results in a peer-reviewed journal, which might reasonably be possible to occur by early calendar year 2010. Mr. Brandt believes that earlier release of the information could facilitate a financing favorable to the Company and its stockholders. The anticipated release dates, however, may not be met, and no assurance is possible that a financing will occur or be on terms favorable to the Company and its stockholders.

Potential Positive Effects of Approving the Proposal

Mr. Brandt believes that the stockholders of the Company will be served best by bringing in new perspectives on spending and financing.

If the Proposal is approved and the Nominees are elected, the Nominees intend, in general, to minimize the dilution to existing stockholders by raising lower amounts prior to the announcement of results of the clinical trials, to raise more significant amounts after the announcement of the clinical trial results at prices and on terms that are more favorable to the Company, and to attempt to renegotiate and, if unsuccessful, to consider challenging the recent transactions with interested persons.

Potential Negative Effects of Approving the Proposal

In the event the Nominees are elected, the incumbent Board, with the exception of Leonard Brandt, may continue, acting either in their individual capacities or purportedly on behalf of the Company, may challenge the election. The costs that the Company incurs in an election challenge could be significant.

On June 12, 2009, the Company borrowed \$1,000,000 from John Pappajohn due and payable in one year, except that if an Event of Default occurs, John Pappajohn can demand payment immediately. One of the "Events of Default" would be if George Carpenter quits his position as CEO or is fired. Unfortunately, if Mr. Carpenter quits or is terminated before June 12, 2010, the effect under the debt to John Pappajohn would be an "Event of Default". If the Nominees are elected, there is a risk that Mr. Carpenter might quit or be terminated as CEO resulting in an "Event of Default." The Company's indebtedness to Pappajohn would become due if Mr. Pappajohn demands immediate payment. The amount due would be \$1,090,000 (including a \$90,000 "premium" payable in lieu of interest).

On March 30, 2009, the Company borrowed \$250,000 from Sail Venture Partners, and on May 14, 2009, the Company borrowed an additional \$200,000 from Sail Venture Partners, and the total original principal amount plus interest is presently due and payable upon demand of Sail Venture Partners, a demand that Sail Venture Partners can make at any time. Since David B. Jones, an incumbent member of the Board, is an affiliate of Sail Venture Partners, Sail Venture Partners might demand repayment if Mr. Jones is replaced on the Board by one of the Nominees.

In the course of planning, Mr. Brandt has estimated the Company's needs for capital based on the amount of this debt, the Company's revenues, amounts of capital received from option and warrant exercises, and cost reductions. Mr. Brandt may not be aware of all obligations or commitments made by the Company, the amount of loan proceeds remaining on hand and other items, and therefore the actual amount of capital needed may exceed these estimates for a variety of possible reasons.

If repayment were demanded of all of the secured indebtedness of the Company that is currently due (other than due to Mr. Brandt), Mr. Brandt estimates that the Company would need about \$1.0 million, up to \$0.5 million for all the debt repayments (to creditors other than Mr. Brandt, who has no present intention of demanding repayment).

If repayment of all of the Company's secured indebtedness (other than Mr. Brandt's), whether due or to become due, is demanded or otherwise becomes due and payable at one time, Mr. Brandt estimates that the Company would need about \$2.1 million, up to \$1.6 million for all the debt repayments (to creditors other than Mr. Brandt, who has no present intention of demanding repayment).

In any case, Mr. Brandt estimates that the Company would need in addition up to \$0.5 million, less the amount of any available cash on hand, to help fund operations, on a reduced budget, until the end of calendar year 2009.

If the need exists or arises, Mr. Brandt believes that the Company should immediately seek and obtain interim financing. Mr. Brandt also plans, in any event, to propose that, by the end of calendar year 2009, the Company seek to complete a more significant financing of from 5 to 10 million dollars in order to fund the Company's commercialization of its technology.. The actual amount and terms of any such offering would depend upon various factors, including prevailing market conditions, investor interest, the Company's commercialization budget and other capital requirements and any alternative sources of financing.

The secured creditors rank as follows in terms of seniority—first, about \$0.25 million owed to Leonard J. Brandt and \$0.25 million owed to Sail Venture Partners, LP; and second, about \$0.2 million owed to Sail Venture Partners, LP and about \$1.1 million owed to John Pappajohn. Regardless of seniority, any of the secured creditors may take action to collect upon their debt and foreclose upon the Company's assets. The debt ranking senior has a prior and preferential right to payment as compared with the debt ranking second. Sail Venture Partners, LP and John Pappajohn also have entered into an intercreditor agreement between themselves under which they each agree to share the seniority and any payments by the Company on the debts owed them.

All of the Company's secured debt also provides that, if the Company voluntarily or involuntarily liquidates, dissolves or winds up its business, then to the extent that its secured debt is not previously repaid, the Company shall be obligated to pay the product of 250% multiplied by the principal and all accrued but unpaid interest outstanding on the debt. Accordingly, a liquidation, dissolution or winding up of the Company could result in up to \$4,170,000, plus 250% of the accrued and unpaid interest and costs of collection, becoming payable under the debt instead of the original principal amount and interest stated in the debt. In such event, the Common Stock would likely not receive any liquidating distribution and stockholders would likely experience a complete loss of their investment in the Common Stock.

To the extent the Company raises additional capital, the stockholders may experience dilution of their percentage interests and the debt or securities issued could be senior to the Common Stock and be on terms that diminish the value of an investment in the Common Stock.

To the extent additional securities are sold by the Company and acquired by management or controlling stockholders of the Company, it may become increasingly difficult for other holders of Common Stock to remove the management.

All of Mr. Brandt's plans are based on his present knowledge and intentions. The future condition of the Company's business and finances cannot be presently known, and the Company's future condition may be materially different from Mr. Brandt's current expectations.

To the extent of the discussions that have taken place between Mr. Brandt and each of the other nominees, Mr. Brandt believes it would be fair to describe the Nominees, in general, as being in favor of this plan.

The nominees have no present plans to propose any extraordinary transactions, such as a sale of the Company or any sale or disposition of its assets outside the ordinary course.

In addition, there is no assurance that the election of the Nominees will result in perceived improvements in the business or financial condition of the Company.

As for the intentions and present plans of the Nominees to address these issues, please see “THE NOMINEES’ INTENTIONS AND PRESENT PLANS.”

Information With Respect to the Nominees

Listed below are the Nominees, with information showing the principal occupation or employment of the Nominees, the principal business of the corporation or other organization in which such occupation or employment is carried on, and such Nominees’ business experience during the past five years.

Leonard J. Brandt, age 53, currently serves as a director of the Company. He became the Company’s Chairman of the Board, Chief Executive Officer and Secretary upon completion of the Company’s merger with CNS Response, Inc., a California corporation (or CNS California) on March 7, 2007 and served in those capacities until April 10, 2009. Mr. Brandt was a founder of CNS California, and had served as its President and Chief Executive Officer, and as a member of its Board of Directors since its inception in 2000. Mr. Brandt started his career with Norwest Venture Capital in 1980. In 1983 he became Vice President of Norwest Growth Fund and General Partner of Norwest Venture Partners, where he served until 1990. In this capacity he was primarily responsible for the firm’s investments in the healthcare industry, including several involving the behavioral health industry. In 1995 Mr. Brandt founded Time Segment Publishing, Inc and was its President until 1999. In 1999, Mr. Brandt co-founded Embro Vascular, LLC, a provider of technology for least-invasive harvesting of the saphenous vein for heart-bypass surgery. He also individually provided consulting to early stage ventures from 1993 until he co-founded Mill City Venture Consulting in 1998. Mill City Venture Consulting was initially an advisor to NuPharm, Inc., the predecessor of CNS California. Mr. Brandt holds a Bachelor of Science degree from the College of Commerce at University of Illinois and a Masters of Business Administration from Harvard University.

William E. Bunney, Jr., M.D., age 79, currently serves on the scientific advisory board of CNS Response, Inc. Dr. Bunney is the Senior Associate Dean of Research, School of Medicine, University of California, Irvine (“UCI School of Medicine”) and the Della Martin Chair,

Department of Psychiatry. Dr. Bunney first joined UCI School of Medicine in 1982 as Chairman of the Department of Psychiatry. From 1991 to 1998 Dr. Bunney served as Director of Research. In 1998, Dr. Bunney was appointed Academic Co-Chairman, Department of Psychiatry where he served until 2007, before he was named Senior Associate Dean of Research, UCI School of Medicine. Dr. Bunney serves on the scientific advisory boards of Neosync, Inc., a medical device company involved in the magnetic treatment of psychiatric disorders and Thuris Corporation, a company engaged in neuropharmaceuticals, electrophysiological treatment and diagnosis. Dr. Bunney serves as a consultant to Psych Pain Pharmaceuticals, Inc., a company engaged in the diagnosis and treatment of psychological pain and Neudezine, a nanodevice for connectivity of neurons and nanowires. In addition, Dr. Bunney serves on the National Scientific Advisory Board of NARSAD, the Harvard International Brain Repository, the World Health Organization Expert Panel on Mental Health, and is a Consulting Fellow with the World Innovation Foundation. Previously, Dr. Bunney was employed as director of the Federal Treatment, Education and Research Endeavor for Narcotic Addiction and Drug Abuse with the National Institutes of Health. Additionally, Dr. Bunney has served as president of the American College of Neuropsychopharmacology, West Coast College of Biological Psychiatry, the Psychiatric Research Society and the Collegium Internationale Neuro-Psychopharmacologicum (CINP). Dr. Bunney received his M.D. from the University of Pennsylvania Medical School and completed his residency in Psychiatry at Yale University School of Medicine. He is the author of more than 400 scientific publications, the editor of seven books, and on the editorial board of seventeen (17) psychiatry peer review scientific journals. Dr. Bunney has received a number of national and international research awards including the Hofheimer Research Award, the International Anna-Monika Award and the NARSAD Nora Maddox Falcone Prize for Outstanding Achievement in Affective Disorders Research. Dr. Bunney was elected to the Institute of Medicine of the National Academy of Sciences and recently designated a Lifetime National Associate.

William Murray, age 48, has over 20 years of experience in the Medical Device and Life Science areas. He is currently the President and Chief Executive Officer of ReShape Medical, Inc. ("ReShape"), a development stage company focused on non-surgical therapies for the treatment of obesity. Prior to ReShape, Mr. Murray has held various senior level executive positions. From June 2006 through January 2008, he served as Chief Executive Officer of Murray Consulting, an executive management consulting company. From January 2005 through May 2006, Mr. Murray served as President of the Molecular Biology Division of Applied Biosystems, a company engaged in supplying life science tools for genetic analysis. From June 2003 through June 2004, Mr. Murray served as Group President of Respiratory Technologies at Viasys Healthcare, a company engaged in respiratory therapy. From October 1985 through June 2003, Mr. Murray worked in various capacities at Medtronic, Inc, a medical technology services company. Prior to his departure he served as President of the Pacemaker business. In addition to leading the Pacemaker Business, Bill was responsible for CRM business development, the EP Systems Business, and the Functional Diagnostic Business. Prior to running these businesses, he had responsibility for engineering, development and project management of a number of implantable pacing systems. Bill holds a BSEE from the University of Florida. Mr. Murray currently serves on the Board of Directors of ReShape Medical, Inc. and has previously served as a director for Zinectics Medical, Inc. and Innovatus Ventures.

Mordechay Yekutieli, age 62, has had his primary profession of the last 33 years in commercial real estate operating in CA, TX and NV. From March of 1988 to the present, Mr. Yekutieli has served as President of Moty Yekutieli, Inc., a company acting as a manager of real estate enterprises. Moty Yekutieli, Inc. serves as the General Partner for Masco Associates, Easco Corporation and Lake Center LP, all real estate development companies. Mr. Yekutieli's secondary activity has been financial support and guidance of early stage technology driven companies including, QPC, Inc. a laser manufacturer with applications in dermatology and other fields, and NuPharm, Inc. the predecessor technology development company that licensed the basic rEEG technology to CNS Response, Inc.

Andy Goren, age 38, From July 2006 to the present, Mr. Goren has served as President of PharmaGenoma, Inc. ("PharmaGenoma"), a molecular dermatology research and development company. PharmaGenoma is dedicated to the research and development of new prescription based therapies tailored to an individual's genetic make up. During this time, from January 2008 to the present, Mr. Goren has also served as President and Chief Executive Officer of HairDx LLC, a wholly-owned subsidiary of PharmaGenoma and an FDA registered pharmacogenomics research and development company. HairDX LLC markets the first genetic test for male and female hair loss. From June 2004 to July 2006, Mr. Goren served as Chief Executive Officer of BioQ, Inc., a medical device company pioneering the treatment of gait and balance disorders due to peripheral neuropathy. Previously Mr. Goren served as Chief Executive Officer of MobileWise, Inc., a revolutionary wire-free electric power delivery system. Mr. Goren brings 15 years of industry experience in manufacturing, sales, marketing, business development, fundraising, and OEM relationships with large global corporations. Mr. Goren obtained his B.S. degree in Mathematics from the University of California at Berkeley and performed graduate studies in Neuroscience at Stanford.

David W. Mazepink, age 60, for the entire past seven (7) years to the present has served as Principal of Mazepink & Associates LLC, a healthcare consulting company. As Principal of Mazepink & Associates LLC, Mr. Mazepink has been broadly engaged in development of early stage medical-technology companies. This particularly leverages on his long history in sales (IBM Corporation), and medical marketing, product launch, distribution/sales execution at GE Medical, Scientific Leasing, Inc. (securitized high tech medical equipment leasing company), and as CEO of HemoTherapies, Inc. He also worked as a senior manager at Medical Imaging Centers of America, (MICA), a San Diego company financed by CNSO bridge lender John Pappajohn. Examples of recent activities include (a) assisting SpectraScience Inc., a company providing diagnostic laser equipment; establish first clinical sites for its products at UCLA Harbor Medical Center and USC Women's Hospital; (b) assisting Therapheresis, Inc., a developer of biomedical devices, in developing the business plan and raising capital for an implantable sTNFR removal device for the reduction of solid tumor cancers and (c) creating strategic alliances for US and international distribution for Histologics, LLC, a company that provides unique tissue sampling acquisition devices.

LEGAL PROCEEDINGS

Litigation

On June 29, 2009, the Delaware Court of Chancery denied a motion brought by the Company seeking a Temporary Restraining Order against Leonard Brandt and other defendants, seeking to prohibit them from calling a special stockholder meeting. The Company's complaint was filed on Friday, June 26, 2009 in the Delaware Court of Chancery and captioned CNS Response, Inc. v. Leonard Brandt, Meyerlen, LLC, EAC Investment LP et al. (CA 4688). The Company sought a court order prohibiting a meeting of stockholders from taking place. The Company argued that it would suffer irreparable harm if the meeting were allowed to take place. The Court determined that holding a stockholders' meeting would not cause the Company irreparable harm because the Company will have adequate opportunity after the meeting is held to raise challenges as to validity of the meeting.

The decision to deny the motion and to permit the special meeting to proceed was based on the availability of an expedited proceeding in the Delaware Court of Chancery for the Company to raise post-meeting challenges or for Mr. Brandt to seek confirmation of the validity of the results of the special meeting.

On August 12, 2009, Leonard Brandt and other defendants filed their answer to the Company's complaint together with a counterclaim and third complaint against the Company; George Carpenter; Henry T. Harbin, M.D.; David B. Jones; Jerome Vaccaro M.D. (George Carpenter, Henry T. Harbin, M.D., David B. Jones and Jerome Vaccaro M.D. are collectively referred to herein as the "Director Defendants"); Sail Venture Partners, LP; Sail Venture Partners, LLC (Sail Venture Partners, LP and Sail Venture Partners, LLC collectively referred to as "Sail"); John Pappajohn and "John Does 1-20." The counterclaim and third party complaint filed by Leonard Brandt and other defendants (the "Cross-Complaint") seeks injunctive relief against the Company, Sail and John Pappajohn barring any issuance of stock pursuant to the Sail and John Pappajohn agreements. For further discussion of these agreements, see "CONCERNS ABOUT THE COMPANY'S FINANCING TRANSACTIONS." The Cross Complaint further seeks injunctive relief invalidating or barring implementation of the Bylaw Amendment and compelling corrective disclosures and/or enjoining the Company and the Director Defendants from voting any proxies obtained by them. The Cross-Complaint also seeks damages against the Director Defendants, Sail, John Pappajohn and John Does based upon breaches of fiduciary duty by the Director Defendants, aided and abetted by Sail, John Pappajohn and John Does. For further discussion of the perceived breaches of fiduciary duty please see "CONCERNS ABOUT THE INCUMBENT BOARD (EXCEPT LEONARD BRANDT)."

On July 2, 2009, the Company filed suit in the U.S. District Court, Central District of California alleging an injunction against Leonard Brandt based essentially the same federal claims that the Company previously alleged in its suit filed in the Delaware Court of Chancery in the above-referenced case. Mr. Brandt intends to seek to stay or dismiss the causes of action, to vigorously defend the action and to seek appropriate remedies against the Company and persons acting in concert with it.

On July 27, 2009, Leonard Brandt filed a Motion to Dismiss the case filed by the Company in U.S. District Court. Mr. Brandt otherwise intends to vigorously defend the action and to seek appropriate remedies against the Company and persons acting in concert with it.

CERTAIN RELATIONSHIPS

On March 30, 2009, the Company entered into two Senior Secured Convertible Promissory Notes, each in the principal amount of \$250,000 (each a "Note" and, collectively, the "Notes"), with Brandt Ventures, GP ("Brandt Ventures") and SAIL Venture Partners, LP ("SAIL"). Leonard Brandt is the general partner of Brandt Ventures. The Notes accrue interest at the rate of 8% per annum.

The Notes are secured by a lien on substantially all of the assets (including all intellectual property) of the Company. The respective rights of each of Brandt Ventures and SAIL in respect of the lien are to remain on parity with each other without preference, priority or distinction during all times when both Notes are outstanding.

The Notes provide that any repayment made under either Note shall be made to each of Brandt Ventures and SAIL in equal amounts. However, SAIL subsequently entered into a loan agreement with the Company in which the Company agreed that, if SAIL demands the Company to do so, the Company will repay Brandt Ventures without repaying SAIL.

On June 30, 2009, each Note became due and payable if Brandt Ventures or SAIL, respectively, declares its respective Note due and payable. Although nonpayment on June 30, 2009 constituted an Event of Default as defined in the Notes, an earlier Event of Default occurred under the Notes when the Company terminated Leonard Brandt in April, 2009. At any time thereafter, the holders of the Notes could have together declared both Notes due and payable.

In the event of a liquidation, dissolution or winding up of the Company, unless Brandt and/or SAIL informs the Company otherwise, the Company shall pay such investor an amount equal to the product of 250% multiplied by the principal and all accrued but unpaid interest outstanding on the Note. A similar provision is found in connection with a subsequent \$200,000 in original principal amount of additional secured indebtedness to SAIL, and a later subsequent \$1,000,000 in original principal amount plus a premium of \$90,000 of secured indebtedness incurred to John Pappajohn. Accordingly, in connection with the Notes, the subsequent indebtedness, and the liens accompanying them, a liquidation, dissolution or winding up of the Company could result in up to \$1,250,000 becoming payable under the Notes, including \$675,000 payable to Brand Ventures under its Note, plus up to \$2,920,000 becoming payable under the subsequent indebtedness to SAIL and John Pappajohn, in each case not

counting 250% of the accrued and unpaid interest and other charges permitted under the Notes or other related agreements.

The Notes provide that the principal and all accrued but unpaid interest outstanding under the Notes shall be automatically converted into the securities issued in an equity financing transaction of at least \$1,500,000 (excluding any and all other debt that is converted), on the same terms as those offered to the lead investor in the equity financing except at a price for the securities of 90% of the per share price paid by the investors in such financing.

RELATIONSHIP BETWEEN NOMINEES

Andy Goren is a director, the President and a principal stockholder of PharmaGenoma, Inc. Mr. Brandt serves on the board of directors of that company. For details concerning the business of PharmaGenoma, please see the biography of Andy Goren.

Other Involvement or Contacts between the Company and Participants

On May 6, 2009, Mr. Brandt delivered a letter to Sail Venture Partners concerning his position since the fall of 2008 favoring lower expenditures, especially a reduced commercialization budget and that commercialization before clinical trial's results are published will result in unnecessary dilution of the Company's stockholders.

On June 26, 2009, at a hastily convened board held within hours of the Company's filing of the complaint in the Delaware Court of Chancery, the incumbent Board purported to amend Section 1.2 of its Bylaws to eliminate the stockholders' future ability to call a meeting for the election of directors.

At the same meeting, Mr. Brandt read to the Board of Directors a statement concerning his reasons for calling this special meeting of the stockholders.

On July 3, 2009 and on July 12, 2009, a representative of Leonard Brandt appeared at a special meeting of stockholders and voted Leonard Brandt's shares in favor of adjournments of the meeting to a later date and at the same place. Representatives of the Company also attended and registered their objection to the special meeting each time.

In late July 2009, Mr. Brandt and John Pappajohn held discussions and had a meeting. During this time they discussed ways they might resolve the pending litigation. See "LEGAL PROCEEDINGS." No agreement was reached.

Dr. Bunney is currently a scientific advisor of the Company.

Mr. Murray was asked to consider standing for election as a Board member by the Board as of early 2009.

Mr. Goren is an informal advisor to the Company on genomic matters.

Mr. Yekutieli has been involved with NuPharm, which developed some of the technology that the Company is utilizing.

Of course, Mr. Brandt was the Company's CEO until April 10, 2009. Mr. Brandt's former employment and related matters are described elsewhere herein. See "Interests of Nominees".

INTERESTS OF NOMINEES

If the Nominees are elected to the Board of Directors, Leonard J. Brandt will ask the board to consider and vote on whether to adopt other changes in management of the Company, whether to scale-back or change current budgets and spending plans, whether to proceed with current Company business strategies, whether to proceed with current Company financing strategies that likely will include sales of securities of the Company, whether to modify current Company plans on these subjects and whether to adopt alternative plans on these subjects.

On March 30, 2009, Leonard J. Brandt made a loan of \$250,000 to the Company with his personal funds, and such loan is evidenced by a secured promissory note that may become convertible into securities of the Company in the event the Company completes an offering and sale of equity securities in a specified minimum amount. The secured promissory note is not presently convertible, and may not become convertible at all. The conversion price is unknown and will be based upon the future sales price, if any, in the qualified offering. For further discussion of the secured promissory notes issued by the Company to Mr. Brandt, please see the preceding section "CERTAIN

RELATIONSHIPS.” At some future time, Brandt may acquire securities of the Company under the terms of this secured promissory note. On April 10, 2009, the Company released Mr. Brandt from employment which was a default under the terms of the secured promissory note, making the secured promissory note immediately due and payable. The secured promissory note has not been repaid and is still in default. For further discussion of the employment agreement between Mr. Brandt and the Company, please see the section “COMPENSATION BY THE COMPANY OF PARTICIPANTS,” subheading “Employment Agreement.” Brandt intends to participate as an investor in future offerings of the Company.

The bridge loans made to the Company from March 2009 to the present, including the \$250,000 bridge loan made by Leonard Brandt in March 2009, would convert to equity if the Company raises at least \$1,500,000 of equity. The price and terms of the equity issued on conversion of the bridge loans would depend on the price and terms of the equity financing. See “CONCERNS ABOUT THE INCUMBENT BOARD (EXCEPT LEONARD BRANDT)” and “CONCERNS ABOUT THE COMPANY’S FINANCING TRANSACTIONS.” If Mr. Brandt’s bridge loan converts, Mr. Brandt would receive equity on the same terms as the lead investor in the financing and at a price that is 90% of the per share price paid for securities in the equity financing. Mr. Brandt does believe that raising equity in the minimum amount of \$1,500,000 could serve the interests of the Company because it could cause all of the bridge loans to convert and also provide sufficient funds to operate until after the clinical trial results are announced, and he also believes that raising more than the minimum needed will adversely affect the price and terms of that equity financing and, thus, adversely affect from the Company’s standpoint the terms on which the bridge loans convert.

In the event the Nominees are elected, Leonard Brandt intends to request that the Board of Directors consider payment of the amounts Mr. Brandt believes are due under the terms of the secured promissory notes issued to Mr. Brandt by the Company on March 30, 2009.

Leonard J. Brandt also intends to seek reimbursement from the Company for those expenses incurred by Leonard J. Brandt relating to the Consent Solicitation, if any Nominees are elected, but does not intend to submit the question of such reimbursement to a vote of the Stockholders. For an estimate of those costs, please see the section entitled “EXPENSES OF SOLICITATION” on page 3.

If elected to the Board of Directors, the Nominees who are non-employee directors may each receive whatever compensation for their services as directors as may be determined from time to time.

For information regarding ownership of the Company’s stock by the Nominees, including Leonard J. Brandt, please see “SECURITY OWNERSHIP OF THE PARTICIPANTS”.

Regarding any purchases and sales of the Company’s securities during the past two years by the participants, please see “TRANSACTIONS OF THE PARTICIPANTS IN COMPANY SECURITIES”.

Independence of Nominees

Leonard J. Brandt served as the Company’s Chief Executive Officer until April, 2009, and William E. Bunney, Jr., M.D. currently serves on the Company’s Scientific Advisory Board. Except for Mr. Brandt and Dr. Bunney, all of the other nominees named in this consent solicitation statement for election at the meeting are independent, as independence is defined under the listing standards of the NASDAQ Stock Market, for purposes of board membership and committee memberships on all committees.

CONCERNS ABOUT THE INCUMBENT BOARD (EXCEPT LEONARD BRANDT)

The incumbent Board is committed to continue spending money for commercializing its technology. Mr. Brandt believes that the stockholders would be better served by eliminating the current spending on commercialization, finishing the clinical trial, publicizing the results, and then raising sufficient money to spend on commercialization. Successful clinical trial results could become a significant milestone that could open the door to more successful commercialization of its technology and more successful fund raising.

A major concern about the incumbent members of the Board, except Leonard Brandt, relates to entrenchment

The Company cannot dispute that it has **never held an annual meeting**. The Company’s stockholders had sometimes acted by written consents in lieu of annual stockholder meetings, but not at all since November 2006. The incumbent Board members **were never elected by the Company’s stockholders**, although, to be perfectly fair to them, some of them, including Leonard Brandt, had been elected by shareholders of a California corporation that

is now a subsidiary of the Company. They became directors of the Company in 2007 through a merger transaction. The others directors were subsequently appointed by the directors without a vote of the Company's stockholders.

It is also true that from March 2007 through April 10, 2009, while Mr. Brandt was Chairman of the Board, the Board which he chaired did not call or hold any stockholder meetings.

An obvious aspect of the incumbent Board's recent activities has been the Company's legal fight against holding a special meeting of stockholders. The votes of current stockholders would be diluted if the Company issues more Common Stock, and if the Company places voting stock in the hands of the incumbent Board or other friendly hands, the incumbent Board could effectively perpetuate its control and ignore the will of the present stockholders. The Company did schedule their first and only annual meeting, in September, 2009, but additional shares of Common Stock might be issued by the record date for that meeting, presently set at August 27, 2009. Since both Sail Venture Partners and John Pappajohn could purchase (pursuant to their recently signed agreements) virtually all of the securities that the Company might offer, the fact that the Company is raising more money now is very concerning.

Mr. Brandt believes that a large financing could indeed, if the incumbent Board is not replaced, occur before the special meeting can be held, if at all, or before the record date for the annual meeting called by the Company and intended to be held in September, 2009.

The Company admitted in its complaint in Delaware that the Company's next financing is being sought right now.

CONCERNS ABOUT THE COMPANY'S FINANCING TRANSACTIONS

The Company recently raised money (a total of \$1,200,000 of convertible loans) through "bridge loans" from Sail Venture Partners and John Pappajohn. In the "bridge loan" transactions, the Company also agreed that each of Sail Venture Partners and John Pappajohn would have the right to invest, up to \$10 million each, in any and all future financings of the Company. Those agreements provide as follows:

4.2 Future Financings. The Company covenants to allow Investor, at Investor's election, to participate in all future financings of the Company up to an aggregate participation by Investor of \$10,000,000 in addition to the amounts invested by the Investor in the Company after giving effect to the transactions contemplated by this Agreement. The Company shall provide adequate notice to the Investor of all such future financings. Notwithstanding the foregoing, Investor is not obligated to participate in any future financings.

A short-term "bridge loan" of \$200,000 resulted in Sail Venture Partners having a right to invest \$10 million, which is **five thousand percent (5,000%) of the amount of Sail Venture Partners' loan**. A one-year loan of \$1,000,000 resulted in John Pappajohn having a right to invest \$10 million, which is **one thousand percent (1,000%) of the amount of John Pappajohn's loan**.

The large amount of shares potentially issuable in comparison with the amount of Common Stock presently outstanding makes these agreements especially material to the Company and its stockholders. The lower the offering price, the more equity that each one's \$10 million could buy. As an illustration, a \$10 million investment in the Common Stock by either of Sail Venture Partners or John Pappajohn, or an aggregate \$20 million investment in the Common Stock by Sail Venture Partners and John Pappajohn, could result in acquiring shares of Common Stock in the following amounts at the respective hypothetical prices set forth in the table below:

Hypothetical Price Per Share (\$)	Shares of Common Stock for \$10,000,000(#)	Shares of Common Stock for \$20,000,000(#)
\$0.15	66,666,666	133,333,333
\$0.20	50,000,000	100,000,000
\$0.25	40,000,000	80,000,000
\$0.30	33,333,333	66,666,666
\$0.35	28,571,429	57,142,857
\$0.40	25,000,000	50,000,000

Even when the "bridge loans" are repaid or otherwise discharged, the Company's obligations will survive, permitting each of Sail Venture Partners and John Pappajohn to invest \$20 million cumulatively in any Company financings. These promises survive indefinitely. The agreements provide as follows:

6.9 Survival of Representations, Warranties and Covenants. The representations, warranties and covenants of the parties contained in or made pursuant to this Agreement shall survive the execution and delivery of this Agreement indefinitely, and shall in no way be affected by any investigation of the subject matter thereof made by or on behalf of the other parties.

In addition, in the “bridge loan” transactions, the Company promised both Sail Venture Partners and John Pappajohn that the Company will ask **permission from Sail Venture Partners and John Pappajohn** before agreeing to certain future transactions, and if either one withholds consent, the Company will not proceed. Both of those agreements provide as follows:

4.4 Restrictive Covenants. Without the consent of Investor, the Company shall not:

- a) effect a merger, reorganization, or sell, exclusively license or lease, or otherwise dispose of any assets of the Company with a value in excess of \$20,000, other than in the ordinary course of business;**
- b) borrow, guaranty or otherwise incur indebtedness in excess of \$100,000;**
- c) acquire all or substantially all of the properties, assets or stock of any other corporation or entity or assets with a value greater than \$50,000; or**
- d) form, contribute capital or assets to, or make a loan or advance in excess of \$50,000 to (i) any partially-owned or wholly-owned subsidiary, (ii) a joint venture or (iii) a similar business entity.**

Sail Venture Partners is an affiliate of incumbent Board member David B. Jones. John Pappajohn has been, as CEO George Carpenter described it to Mr. Brandt, “invited” to join the Board. Also, CEO George Carpenter introduced John Pappajohn to the Company. Sail Venture Partners has owned and John Pappajohn now owns beneficially over 10% of the Company’s Common Stock.

These bridge loan agreements were negotiated and signed by George Carpenter. A special committee of the Board consisting of David B. Jones, Henry T. Harbin and George Carpenter presumably consulted with Mr. Carpenter. Nonetheless, the Board did not consider or vote on the transactions until after both the transactions had been signed and consummated. At a Board meeting on June 18, 2009, after the “bridge loan” transactions signed and were consummated, David B. Jones, Henry T. Harbin, and George Carpenter, voted for ratifying the actions of management in completing the “bridge loans.” Leonard Brandt was the only other director present and he voted against ratification of these transactions.

The Board did not receive any opinion as to valuation or the fairness of these transactions from a financial point of view. A “fairness opinion” is a professional evaluation by an investment bank or other third party as to whether the terms of a major transaction that affects corporate value are fair from a financial point of view. There is no legal requirement mandating that a “fairness opinion” be obtained by directors prior to entering into any transaction. The fee that might be charged for a fairness opinion might seem on first blush prohibitive in the Sail Venture Partners transaction of only \$200,000 or the John Pappajohn transaction of only \$1 million, but these agreements seem more worthy of a professional evaluation in light of promising each investor a right to invest an additional \$10,000,000 in any future Company financings and promising each investor that the Company will not engage in any merger or acquisition plans without the investor’s consent. Because Mr. Brandt believes both transactions are material to the Company apart from the amount of financing received by the Company and involve Sail Venture Partners (an affiliate of director David Jones and a 14% stockholder) and John Pappajohn (an investor with other business dealings with director George Carpenter), he believes some advice found in *Corporate Governance Best Practices*, written by Frederick D. Lipman (John Wiley & Sons, Inc., 2006) would be appropriate: “Before approving a material transaction involving a potential conflict of interest, the board should obtain a fairness opinion from a qualified third party, such as an investment banker.”

The materials distributed to the Board for the meeting on June 18, 2009 contained the agreements with John Pappajohn but no description or analysis of the terms and no copy of the agreements with Sail Venture Partners. As the Company had already utilized the capital provided by the Sail Venture Partners loan and some of the capital provided by the John Pappajohn loan, there was no opportunity at the meeting for directors to influence the terms of these loans. The management had executed the loan agreements and the Company had received the loan funds in the first case over a month earlier.

Sail Venture Partners and John Pappajohn are under no obligation to renegotiate the terms of the transactions. However, a possible legal basis to challenge the transactions may be, for instance, that a majority of the disinterested directors did not approve the transactions.

The Company is presently seeking to raise equity before the release of its clinical trial data. Mr. Brandt believes that the market’s perception of the Company is adversely affected by uncertainty about the unannounced results, and that the offering price is lower on account of that uncertainty. Thus, if the Company conducts a large equity offering before the release of those clinical trial results, Mr. Brandt believes that all the investors, which could include in whole or in part Sail Venture Partners and John Pappajohn, could benefit at the expense of the Company and its stockholders.

Mr. Brandt believes that the incumbent Board’s plans to obtain financing that is a great deal larger than \$1.5 million before announcing clinical trial results will not be in the best interests of the Company and its stockholders. Mr. Brandt believes the agreements with Sail Venture Partners and John Pappajohn as described above should be renegotiated or challenged through appropriate legal action. Therefore Mr. Brandt recommends that you vote/consent FOR the Nominees named herein.

The nominees intend to consider and address, in a decisive manner, these and all other matters of greatest significance to the Company as promptly as practicable pending or following the election of the nominees.

Mr. Brandt recently has had conversations with each of Michael Yuhas and David Mazepink about potential consulting or employment with the Company in the senior positions for commercialization. The discussions concerning this were general and preliminary in nature. If the Nominees are elected, Mr. Brandt intends to recommend moving forward with the discussions. Whether either person would be available or the compensation they would require or be offered is presently unknown.

The statements above are based on present knowledge, beliefs and expectations. The Nominees intend to carefully consider the Company's circumstances and opportunities at the time if and when the Nominees are elected. Therefore, the foregoing statements are not meant to foreclose the nominees from other possible actions in the faithful discharge of their fiduciary obligations to the Company and its stockholders.

ARRANGEMENTS OR UNDERSTANDINGS WITH NOMINEES

The Nominees understand that, if elected as Directors of the Company, each of them will have an obligation under Delaware law to discharge his duties as a Director in good faith, consistent with his fiduciary duties to the Company and its Stockholders.

There is no arrangement or understanding between any Nominee and any other person pursuant to which the Nominee was selected as a Nominee.

COMPENSATION BY THE COMPANY OF THE PARTICIPANTS

- (2) On April 16, 2008, Dr. Bunney was granted options to purchase 20,000 shares of Common Stock with an exercise price of \$0.96 per share. The options to purchase 20,000 shares have vested and will continue to vest in 4 equal installments of 5,000 shares on each of the following dates: October 16, 2008, April 16, 2009, October 16, 2009, and April 16, 2010.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

As the Company desired to retain our cash to fund our growth, the Company did not pay any bonuses to Leonard J. Brandt or any other executive officers during fiscal years ended September 30, 2008 and 2007. The bonus of \$10,000 paid to Leonard J. Brandt in the fiscal year ended 2006 was determined by the Company's Board of Directors, based on the performance of Mr. Brandt and of the Company.

The Company does not have a formal plan for determining the compensation of executive officers. Instead, each named executive officer negotiates the terms of their employment.

Employment Agreement

Prior to March 2007, CNS California entered into an Employment Agreement (the "Employment Agreement") with Leonard J. Brandt. On March 7, 2007, the merger transaction between the Company's subsidiary and CNS California was consummated. It is Mr. Brandt's belief that the Employment Agreement with CNS California continued. During the period of his employment, Mr. Brandt received a base salary of \$175,000 per year plus group healthcare insurance.

Under the Employment Agreement, Mr. Brandt's employment was on an "at-will" basis. Upon involuntary termination of Mr. Brandt's employment, Mr. Brandt was to become eligible to receive as severance his salary and benefits for a period equal to six months payable in one lump sum of \$87,500. Mr. Brandt did not receive that amount and reserves his rights to assert a claim for such amount.

2006 Stock Incentive Plan

On August 3, 2006, CNS California adopted the CNS California 2006 Stock Incentive Plan (the "2006 Plan"). On March 7, 2007, in connection with the closing of the merger transaction with CNS California, the Company assumed the 2006 Plan and all of the options granted under the plan at the same price and terms. The following is a summary of the 2006 Plan, which the Company uses to provide equity compensation to employees, directors and consultants to the Company.

The 2006 Plan provides for the issuance of awards in the form of restricted shares, stock options (which may constitute incentive stock options (ISO) or nonstatutory stock options (NSO)), stock appreciation rights and stock unit grants to eligible employees, directors and consultants and is administered by the board of directors. A total of

10 million shares of Common Stock are reserved for issuance under the 2006 Plan. As of September 30, 2008, there were 8,964,567 options and 183,937 restricted shares outstanding under the 2006 Plan and 498,739 shares available for issuance of awards. The 2006 Plan provides that in any calendar year, no eligible employee or director shall be granted an award to purchase more than 3 million shares of stock. The option price for each share of stock subject to an option shall be (i) no less than the fair market value of a share of stock on the date the option is granted, if the option is an ISO, or (ii) no less than 85% of the fair market value of the stock on the date the option is granted, if the option is a NSO; provided, however, if the option is an ISO granted to an eligible employee who is a 10% shareholder, the option price for each share of stock subject to such ISO shall be no less than 110% of the fair market value of a share of stock on the date such ISO is granted. Stock options have a maximum term of ten years from the date of grant, except for ISOs granted to an eligible employee who is a 10% shareholder, in which case the maximum term is five years from the date of grant. ISOs may be granted only to eligible employees.

Compensation Discussion and Analysis

The Company does not have a designated compensation committee, its full Board of Directors oversees matters regarding executive compensation. The Board is responsible for all compensation functions. The Board also has the authority to select and/or retain outside counsel, compensation and benefits consultants, or any other consultants to provide independent advice and assistance in connection with the execution of its responsibilities.

Compensation Philosophy

The Company does not have a formal comprehensive executive compensation policy. It intends to establish such policies to further its corporate objectives.

Compensation Elements

The Company compensates its executives through a variety of components, which may include a base salary, annual performance based incentive bonuses, equity incentives, and benefits and perquisites, in order to provide its executives with a competitive overall compensation package. The mix and value of these components are impacted by a variety of factors, such as responsibility level, individual negotiations and performance and market practice. The purpose and key characteristics for each component are described below.

Severance and Change of Control Arrangements

The Company does not have a formal plan for severance or separation pay for its employees, but the Company typically includes a severance provision in the employment agreements of its executive officers that have written employment agreements with us. Generally, such provisions are triggered in the event of involuntary termination of the executive without cause or in the event of a change in control.

Accounting and Tax Considerations

The Company considers the accounting implications of all aspects of its executive compensation strategy and, so long as doing so does not conflict with its general performance objectives described above, the Company strives to achieve the most favorable accounting (and tax) treatment possible to the company and its executive officers.

Process for Setting Executive Compensation; Factors Considered

When making pay determinations for named executive officers, the Board considers a variety of factors including, among others: (1) actual company performance as compared to pre-established goals, (2) individual executive performance and expected contribution to its future success, (3) changes in economic conditions and the external marketplace, (4) prior year's bonuses and long-term incentive awards, and (5) in the case of executive officers, other than Chief Executive Officer, the recommendation of its Chief Executive Officer. No specific weighing is assigned to these factors nor are particular targets set for any particular factor. Ultimately, the Board uses its judgment and discretion when determining how much to pay its executive officers and sets the pay for such executives by element (including cash versus non-cash compensation) and in the aggregate, at levels that it believes are competitive and necessary to attract and retain talented executives capable of achieving the Company's long-term objectives.

COMPANY'S BOARD COMPOSITION AND COMMITTEES

Leonard J. Brandt serves as a director of the Company and until April, 2009 served as Chairman of the Board.

Information provided by the Company indicates as follows:

The Company's board of directors currently consists of five members: Leonard Brandt, George Carpenter, David Jones, Jerome Vaccaro and Henry Harbin. Except for Messrs. Carpenter and Harbin, who were appointed by the Board of Directors to fill vacancies created by expansions in the size of the Board of Directors, each director was elected either at a meeting of shareholders or by written consent of the shareholders of CNS California and became a director of the Company in connection with the merger of CNS California with a subsidiary of the Company.

Each of the Company's directors will serve until the next annual meeting or until his or her successor is duly elected and qualified.

The Company is not a "listed company" under SEC rules and are therefore not required to have separate committees comprised of independent directors. The Company has, however, determined that David Jones, Jerome Vaccaro and Henry Harbin are "independent" as that term is defined in Section 4200 of the Marketplace Rules as required by the NASDAQ Stock Market. It has also determined that David Jones qualifies as an "audit committee financial expert" within the meaning of the rules and regulations of the SEC and that each of its other board members are able to read and understand fundamental financial statements and have substantial business experience that results in that member's financial sophistication. Accordingly, the Company's board of directors believes that each of its members has sufficient knowledge and experience necessary to fulfill the duties and obligations that an audit committee would have. The Company does not have a separately designated audit, compensation or nominating committee of its board of directors and the functions customarily delegated to these committees are performed by its full board of directors.

Compensation Committee Interlocks and Insider Participation

The Company does not have a separately designated compensation committee of its board of directors and the functions customarily delegated to this committee are performed by its full board of directors. During its fiscal year ended September 30, 2008, Leonard Brandt, then the Company's Chief Executive Officer in addition to being a director, participated in deliberations of the board of directors concerning executive officer compensation. No relationship with another entity or its officers or directors that would require disclosure under this caption had existed during fiscal year 2008.

The principal executive offices of the Company are located at 2755 Bristol Street, Suite 285, Costa Mesa, California 92626.

The information concerning the Company set forth herein has been taken from, or is based upon, publicly available information and information otherwise made available by the Company.

SECURITIES OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth the beneficial ownership of the Company's common stock as of June 18, 2009, by (i) each person known by the Company to be the beneficial owner of more than five percent (5%) of the Company's common stock, (ii) by each director, (iii) each of the Company's principal executive officers, and (iv) all directors and executive officers as a group. The following information as to the security ownership of the Company, other than information as to the number of shares owned by Mr. Brandt, is based solely on the Company's filings with the Securities and Exchange Commission and information available to Leonard J. Brandt.

The calculations of percentage of beneficial ownership are based on 28,349,171 shares of Common Stock believed outstanding on June 26, 2009. Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to securities. Unless otherwise indicated in the footnotes below the table, to the Company's knowledge, the persons and entities named in the table have sole voting and sole investment power with respect to all shares beneficially owned, subject to community property laws where applicable. Shares of Common Stock subject to options that are currently exercisable or exercisable within 60 days are deemed to be outstanding and to be beneficially owned by the person holding the options for the purpose of computing the percentage ownership of that person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

Unless otherwise indicated, the address of each of the named executive officers, directors, director nominees and 5% or more stockholders named below is c/o CNS Response, Inc., 2755 Bristol St., Suite 285, Costa Mesa, CA 92626.

CHANGE IN CONTROL PROVISIONS

If the Nominees are elected to the Board of Directors of the Company, the Nominees intend to review the terms of any change of control provisions that the Company is party to and evaluate whether the change of control provisions contained therein have been triggered and, consistent with their fiduciary duties, any other relevant circumstances.

Effect of Election of Nominees under Change of Control Provisions

The following paragraphs describe the effects of electing the Nominees and replacing the incumbent Board under the existing agreements of the Company that are known to the participants in this solicitation.

2006 Stock Incentive Plan

The removal of current directors and the election of the Nominees would permit the Company to accelerate the vesting of any or all unvested options or shares of restricted stock then outstanding under the Company's 2006 Stock Incentive Plan, Accelerated vesting would make unvested options exercisable prior to their normal vesting dates and would make restrictions lapse as to restricted stock grants prior to their normal vesting dates.

The 2006 Stock Incentive Plan states that any options or restricted stock granted under that plan may contain a change of control provision at the time of its grant or the Company may also choose to accelerate vesting of some or

all of the unvested options or restricted shares upon a change of control, even if those options did not, when originally granted, contain a change of control provision.

According to the Company’s most recent Form 10-K, “As of September 30, 2008, there were 8,964,567 options and 183,937 restricted shares outstanding under the 2006 Plan and 498,739 shares available for issuance of awards.” The Form 10-K did not provide, and Mr. Brandt does not have any reliable information concerning, the what portion of total number of options and stock grants is unvested. Therefore, the total number of options and restricted stock grants that could vest, by action of the incumbent Board or otherwise, upon the election of the Nominees is unknown to Mr. Brandt.

Based on information provided by the Company in its Form 10-K filed on January 13, 2009, the following named executive officers, non-employee directors or Nominees hold options that are unvested. Unvested options could become exercisable upon a change of control.

Name	Unexercisable	Exercise Price (\$)	Option Expiration Date
Leonard Brandt	125,108	\$ 1.20	August 8, 2012
	201,373	\$ 1.09	August 8, 2017
George Carpenter	252,801	\$ 0.89	October 1, 2017
	292,205	\$ 0.89	October 1, 2017
Daniel Hoffman	373,106	\$ 1.09	August 8, 2017
Henry Harbin	5,000	\$ 0.80	December 19, 2017
Brian McDonald	74,619	\$ 1.09	August 8, 2017
William E. Bunney, Jr., M.D.	10,000	\$ 0.96	April 16, 2018
TOTALS:	1,334,212		

Mr. Brandt is not presently aware of any automatic vesting provision in the options held by him or in any of the other option agreements, although the Board can accelerate any or all these unvested options in its discretion in connection with a change of control.

The Form 10-K did not provide similar information concerning unvested restricted shares and Mr. Brandt does not otherwise have information as to the portion of those that are unvested. Mr. Brandt does not hold any restricted shares, whether vested or unvested, issued as a restricted stock grant under the 2006 Stock Incentive Plan.

Revised Preliminary Proxy Statement on Schedule 14A filed August 5, 2009 by Leonard J. Brandt
Preliminary Consent Solicitation Statement on Schedule 14A filed August 5, 2009 by Leonard J. Brandt
File No. 000-26285

Dear Ms. Duru:

This letter, in addition to a Revised Preliminary Proxy Statement on Schedule 14A (the "Revised Proxy Statement") and a Revised Preliminary Consent Solicitation Statement on Schedule 14A (the "Revised Consent Solicitation Statement"), are being concurrently filed in order to address your comments dated August 10, 2009. The following are my responses to your comments:

Revised Preliminary Proxy Statement on Schedule 14A

Cover Letter

1. We note revisions throughout the proxy, proxy card and the cover letter referencing the use of the proxies "to be used at any meeting of Stockholders, and all adjournments and postponements thereof but not in any event later than the next Annual Meeting of Stockholders, and any adjournments thereof." We refer you to Rule 14a-4(c)(3). It is not apparent that you may exercise discretionary authority in the manner contemplated. If adjournment of a meeting is intended as a means for soliciting additional proxies, the adjournment would constitute a separate substantive proposal for which proxies must be independently solicited and for which discretionary authority is unavailable. In that regard, the proxy card should include boxes so that the shareholders may decide whether or not to vote in favor of adjournment for the solicitation of additional proxies, if this is an action that is being contemplated. Also, you will need to revise your document to provide the information required pursuant to Item 21 of Schedule 14A.

The proxy card in the Revised Proxy Statement contains the following additional proposal:

PROPOSAL 2: TO APPROVE ADJOURNMENTS OF THE MEETING FROM TIME TO TIME TO SOLICIT ADDITIONAL PROXIES IF THERE ARE INSUFFICIENT VOTES AT THE TIME OF THE MEETING TO CONSTITUTE A QUORUM OR TO APPROVE PROPOSAL 1.

FOR AGAINST ABSTAIN

The Revised Proxy Statement at page 1 contains the following additional disclosure:

PROPOSAL 2 To approve adjournments of the Meeting from time to time to solicit additional proxies if there are insufficient votes at the time of the Meeting to constitute a quorum or to approve Proposal 1.

The Revised Proxy Statement at page 3 contains the following additional disclosure:

Votes of a majority of the shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote are required to approve an adjournment pursuant to Proposal 2 in accordance with the Delaware General Corporation Law and the Bylaws of the Company, even if the number of persons present in person or by proxy is less than a quorum. A vote against or an abstention on Proposal 2 will have the same effect as a vote against an adjournment of the meeting.

If your proxy card is signed and no instructions are indicated on your proxy card, your shares of Common Stock will be voted "FOR" Proposal 2.

The Revised Proxy Statement at page 26 contains the following additional disclosure:

**PROPOSAL 2
ADJOURNMENT TO SOLICIT ADDITIONAL PROXIES**

The purpose of this proposal is to allow the holder of proxies solicited hereby to vote the shares represented by proxies in favor of adjournment of the Meeting to a later time, in order to allow more time to solicit additional proxies, as necessary if there are insufficient votes at the time of the Meeting to approve Proposal 1.

Any adjournment may be made without notice, other than by an announcement made at the Meeting, of the time, date and place of the adjourned meeting.

Any adjournment of the Meeting for the purpose of soliciting additional proxies will allow the Company's stockholders who have already sent in their proxies to revoke them at any time prior to their use at the Meeting as adjourned.

If Proposal 2 is approved and a quorum is not present at the Meeting, it is expected that the holder of proxies solicited hereby will vote to adjourn the Meeting in order for Leonard J. Brandt to solicit additional proxies. The lack of a quorum is one circumstance in which there are insufficient votes to approve Proposal 1. A quorum is necessary to hold the Meeting. The holders of a majority of the outstanding shares of Common Stock entitled to be cast as of the record date, represented in person or by proxy, will constitute a quorum for purposes of the Meeting. Once a share of the Company's common stock is represented at the Meeting, it will be counted for the purposes of determining a quorum and for transacting all business, unless the holder is present solely to object to the Meeting. If no quorum exists, any stockholder and any proxy holder shall have the power to seek to adjourn the meeting from time to time until a quorum shall be present or represented. In accordance with the Delaware General Corporation Law and the Bylaws of the Company, the adoption of an adjournment would require the approval of a majority of the shares of Common Stock present in person or represented by proxy at the Meeting and entitled to vote, even though the number of shares present and entitled to vote is less than a quorum.

If a quorum exists, holders of a majority of the shares of Common Stock present in person or represented by proxy at the Meeting and entitled to vote thereat may adjourn the Meeting. If Proposal 2 is approved, The holder of proxies solicited hereby may approve an adjournment if additional votes are needed to approve Proposal 1.

If your proxy card is signed and dated and no instructions are indicated on your proxy card, your shares of Common Stock will be voted "FOR" the proxy holder having discretionary authority to approve any adjournment of the Meeting, if a quorum is not present, in person or by proxy, at the Meeting or if necessary to solicit additional proxies to approve Proposal 1.

2. We note the response to prior comment 2. Given the revisions made on the proxy card and in parts of this discussion that emphasize the unavailability of cumulative voting and current Delaware jurisprudence interpreting Section 2115, it is not apparent why the disclosure continues to reference the mechanics of cumulative voting or why disclosure continues to imply that a provisional vote on cumulative voting could be requested. Your response and disclosure suggest that such disclosure is no longer necessary. Accordingly, please remove all disclosure regarding cumulative voting and Section 2115. Also, remove the suggestion that shareholders may request cumulative voting. Alternatively, as requested in our prior comment, revise the proxy and proxy card to address how provisional voting could occur and present this as a separate matter for which you are soliciting proxies/consents.

We have removed all disclosure regarding cumulative voting and Section 2115 from the revised Proxy Statement and the proxy card.

The Nominees Intentions and Present Plans

3. Support for each statement or assertion of opinion or belief must be self-evident, disclosed in the proxy materials, or provided to the staff on a supplemental basis. Provide us with support for the following assertions:

- **Mr. Brandt has had “numerous discussions with potential investors in the Company...,”;**
- **“...other stockholders had previously expressed interest, and to Mr. Brandt’s knowledge continue to be interested, in being among the investors in the Company’s financings...,”; and,**
- **[Mr. Brandt] received from multiple investors their expressions of interest in making substantial investments if the Company reports compelling rEEG technology...” (emphasis added)**

Alternatively, remove the statements.

We are providing to you supplementally the information you requested under separate cover and subject to a confidentiality treatment request pursuant to Rule 24b-2 promulgated under the Securities Exchange Act of 1934. The response included in that request has been omitted from the response to this comment.

4. We note your response and the detailed disclosure added in response to comment 7. Given that your nominees currently appear to equal the number of incumbent director slots, it is not apparent that the scenario contemplated would occur. Revise to clarify your disclosure or clarify the circumstances in which the scenario described (i.e., more incumbent directors than there are nominees) would occur.

The Revised Consent Solicitation Statement at page 5 and the Revised Proxy Statement at page 9 contain the following clarified disclosure:

This situation would occur only if, prior to the Meeting, the Company’s Board were to adopt a resolution to increase the Board size and elect directors to fill the seats created.

Thank you once again for all of your comments, which are appreciated.

Sincerely,

/s/ LEONARD J. BRANDT
