## CNS Response: Letter to Shareholders Regarding Proxy Cards

Costa Mesa, CA – September 1, 2009 – **CNS Response, Inc.** (OTCBB:CNSO) provides a Letter to Shareholders from Chief Executive Officer George Carpenter.

“Dear shareholder,

You may be receiving two proxy cards in the mail during September. One from us, for a validly noticed and properly documented Annual Meeting, to be held on September 29th at 10:00 a.m. PDT at the Island Hotel in Newport Beach, CA. The first annual meeting in the Company’s history is open to all shareholders of record as of August 27, 2009.

You may also receive one from Len Brandt, which we do not believe will be usable for any validly called shareholder meeting or purpose. **If you fill out and return this card, it may result in a quorum at one of the purported meetings he calls and may unintentionally assist Len Brandt in his efforts to take over the company, even if you vote against him.**

If you have any questions, please feel free to contact me directly.

Sincerely yours,

*George Carpenter*

George C. Carpenter IV  
Chief Executive Officer”

**About CNS Response**

Today, most physicians are able to base treatment on objective test data, such as EKGs, MRIs, blood tests, etc. Broadly speaking, such advances have not yet come to those physicians practicing psychiatry.

CNS Response has developed a patented data-analysis capability that, with the help of a simple, non-invasive EEG, will analyze a patient's brain waves and compare the results to an extensive patient outcomes database. The process produces a rEEG® report providing a psychiatrist with guidance to personalize medication regimens for a patient, based on the patient's own brain physiology. To read more about the benefits this patented technology provides physicians, patients and insurers, please visit the CNS Response website, [www.cnsresponse.com](http://www.cnsresponse.com).
