PART I.
ITEM 1. DESCRIPTION OF BUSINESS

ITEM 1. DESCRIPTION OF BUSINESS

Since December 1987, the Company has marketed its RejuvenAge products to physicians practicing skin therapy medical specialities. The RejuvenAge products are non-prescription skin care products that do not contain Retin-A or any other precription drug. In addition to the RejuvenAge products, the Registrant sells a proprietary moisturizing shaving cream for sensitive or irritated beard conditions called Bladium.

The Company owns the formulations for both the RejuvenAge and Bladium products. The products are manufactured by independent contractors. In order to increase its profitability and reduce expenses, in fiscal 1998 the Company reduced its office expenses to a minimum and eliminated its advertising and salary expenses.

ITEM 2. DESCRIPTION OF PROPERTIES

None. The Company vacated its warehouse facility in May 2000. The remaining minimal inventory is stored at the president's house.

ITEM 3. LEGAL PROCEEDINGS

None.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITIES HOLDERS

No matters were submitted to a vote of shareholders of the Company during the fourth quarter of the fiscal year ended December 31, 2002.

PART II

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

The table below sets forth, for the respective periods indicated, the prices for the Company's common stock in the over-the-counter market as reported by the NASD's OTC Bulletin Board. The Company's common stock was cleared for quotations on the OTCBB in January 2000 under the symbol "AGER". The bid prices represent inter-dealer quotations, without adjustments for retail mark-ups, mark-downs or commissions and may not necessarily represent actual transactions.

	High Bid	Low Bid
Fiscal Year Ended December 31, 2002		
First, Second, Third and Fourth Quarter	.05	.00
Fiscal Year Ended December 31, 2001		
First, Second, Third, and Fourth Quarter	.08	.03
Fiscal Year Ended December 31, 2000		
First, Second, Third, and Fourth Quarter	.06	.03

At March 19, 2003, the bid and ask price for Company's Common Stock as quoted on the OTC Bulletin Board was $0.01 and $0.01, respectively.

Since its inception, the Company has not paid any dividends on its Common Stock, and the Company does not anticipate that it will pay dividends in the foreseeable future. At March 19, 2003, the Company had approximately 275 shareholders of record based on information provided by the Company's transfer agent.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Results of Operations

Year ended December 31, 2001 Compared to December 31, 2000

Revenues and Costs of Sales. For the fiscal year ended December 31, 2002, the Company had sales of $7,894, with cost of goods sold of $1,211. For the fiscal year ended December 31, 2001, the Company had sales of $8,277, with cost of goods sold of $1,146. Selling, general and administrative expenses for 2002 were $17,059, compared to selling, general and administrative expenses for 2001 of $16,400. Management believes that for the Company to have any significant increase in sales volume the Company will require substantial expenditures in advertising. The expenses in 2002 and 2001 are primarily attributable to the preparation and filing of periodic reports under Section 13 and/or 15(d) of the Exchange Act. The slightly higher expenses in 2002 were attributed primarily to higher accounting and legal expenses. The net loss from operations for 2002 was $10,375 compared to net loss from operations for 2001 of $9,269.

Liquidity and Capital Resources

Historically, the Company has financed its operations through a combination of cash flow derived from operations and debt and equity financing. At December 31, 2002, the Company had a working capital deficit of $15,867 based on current assets of $1,062 consisting of cash $310, and accounts receivable of $752, and current liabilities $16,929, consisting of accounts payable and accrued expenses of $8,429 and officers' loan of $8,500.

Based on its current marketing program and sales, it is clear that the Company will have to increase its sales volume significantly in order to have profitable operations. At this time, however, the Company does not have any working capital to expand its marketing efforts.

The Company proposes to finance its needs for additional working capital through some combination of debt and equity financing. Given its current financial condition, it is unlikely that the Company could make a public sale of securities or be able to borrow any significant sum from either a commercial or private lender. The most likely method available to the Company would be the private sale of its securities. There can be no assurance that the Company will be able to obtain such additional funding as needed, or that such funding, if available, can be obtained on terms acceptable to the Company.

ITEM 7. FINANCIAL STATEMENTS

The financial statements of the Company are set forth immediately following the signature page to this Form 10-KSB.

ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

The Company has had no disagreements with its certified public accountants with respect to accounting practices or procedures or financial disclosure.

PART III

ITEM 9. DIRECTORS AND EXECUTIVE OFFICERS, PROMOTERS, AND CONTROL PERSONS; COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

The names of the Company's executive officers and directors and the positions held by each of them are set forth below:

Name	Position
Richard F. Holt	President and Director
Wendy E. Holt	Vice President and Director

The term of office of each director is one year and until his or her successor is elected at the Company's annual shareholders' meeting and is qualified, subject to removal by the shareholders. The term of office for each officer is for one year and until a successor is elected at the annual meeting of the board of directors and is qualified, subject to removal by the board of directors.

Biographical Information

Set forth below is certain biographical information with respect to each of the Company's officers and directors.

Richard F. Holt, age 62, has been president and director of the Company since August 1995. In 1963, Mr. Holt graduated from Stanford University with a Bachelor of Science degree. Mr. Holt earned an MBA from UCLA School of Business in 1968. From 1969 to 1985, Mr. Holt was the CEO of Modulearn, Inc., and Micro General, Inc. From 1985 until 1995, when he became president of the Company, Mr. Holt worked independently as an investor.

Wendy E. Holt, age 30, was appointed vice-president and director of the Company in April 2000. Ms. Holt is a graduate of UCLA (1995) with degrees in business and history. For the past six years she has worked for Tricon Food Services as a creator and implementor of internet functions in the Human Resources department.

COMPLIANCE WITH SECTION 16(A) OF THE EXCHANGE ACT

The Company believes that under the SEC's rules for reporting of securities transactions by directors and executive officers, all required reports have been timely filed.

ITEM 10. EXECUTIVE COMPENSATION

The Company has not had a bonus, profit sharing, or deferred compensation plan for the benefit of its employees, officers or directors. Except as noted below, the Company has not paid any salaries or other compensation to its officers, directors or employees for the years ended December 31, 2002, 2001 and 2009, nor at any time during 2002, 2001 or 2000. Further, the Company has not entered into an employment agreement with any of its officers, directors or any other persons and no such agreements are anticipated in the immediate future. It is intended that the Company's directors may be compensated for services provided to the Company. As of the date hereof, no person has accrued any compensation from the Company.

The following tables set forth certain summary information concerning the compensation paid or accrued for each of the Company's last three completed fiscal years to the Company's or its principal subsidiaries chief executive officer and each of its other executive officers that received compensation in excess of $100,000 during such period (as determined at December 31, 2002, the end of the Company's last completed fiscal year):

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and stockholders of Age Research, Inc.

We have audited the accompanying balance sheet of Age Research, Inc. (a Delaware corporation) as of December 31, 2002, and the related statements of operations, changes in stockholders' deficit, and cash flows for the years ended December 31, 2002 and 2001. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Age Research, Inc. as of December 31, 2002, and the results of its operations and its cash flows for the years ended December 31, 2002 and 2001, in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company's significant operating losses raises substantial doubt about its ability to continue as a going concern. Management's plans regarding those matters are also described in Note 2. These financial statements do not include any adjustments that might result from the outcome of this uncertainty.

AGE RESEARCH, INC.
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - NATURE OF BUSINESS AND CRITICAL ACCOUNTING POLICIES

Nature of Business. Age Research, Inc. (the "Company') produces and sells a line of premium skin care products to physicians and mail order. The Company has developed its own line of dermatologist-formulated skin care products including moisturizers, cleaners, sunscreens, and anti-aging emollients with glycolic acid. The products are sold under the name of RejuvenAge, which is trademarked in United States and United Kingdom, and name of Bladium, which is trademarked in United States. The trademark in United Kingdom will be expired in September 2006.

Use of estimates. The preparation of the accompanying financial statements in conformity with accounting principles generally accepted in the United States requires management to make certain estimates and assumptions that directly affect the results of reported assets, liabilities, revenue, and expenses. Actual results may differ from these estimates.

Revenue Recognition. The Company generally recognizes product revenue when persuasive evidence of an arrangement exists, delivery has occurred, the fee is fixed or determinable, and collection is probable. In instances where final acceptance of the product is specified by the customer, revenue is deferred until all acceptance criteria have been met. No provisions were established for estimated product returns and allowances based on the Company's historical experience.

Accounts Receivable. Management of the Company considers accounts receivable to be fully collectible, accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made. Bad debt expense for years ended December 31, 2002 and 2001 was $97 and $105, respectively.

Computation of Net Income (Loss) per Share. Basic net income (loss) per share is computed using the weighted average number of common stock outstanding during the period. Diluted net income per share is computed using the weighted average number of shares and dilutive potential common shares outstanding during the period. Diluted net loss per share is computed using the weighted average number of common shares and excludes dilutive potential common shares outstanding, as their effect is anti-dilutive.

Other Significant Accounting Policies

Cash Equivalents. For purposes of the statements of cash flows, the Company considers all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents.

Fair Value of Financial Instruments. The carrying amounts of the financial instruments have been estimated by management to approximate fair value.

Inventories. Inventory consists of products already packaged and ready for shipments to customers, and are stated at cost, using the first-in, first-out method.

AGE RESEARCH, INC.
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - NATURE OF BUSINESS AND CRITICAL ACCOUNTING POLICIES (Continued)

Property and Equipment. Property and Equipment are valued at cost. Maintenance and repair costs are charged to expenses as incurred. Depreciation is computed on the straight-line method based on the following estimated useful lives of the assets: 5 to 7 years for computer and office equipment, and 7 years for furniture and fixtures. Depreciation expense was $0 and $65 for 2002 and 2001, respectively. Property and Equipment are fully depreciated as of 12/31/01.

Income Taxes. Income tax expense is based on pretax financial accounting income. Deferred tax assets and liabilities are recognized for the expected tax consequences of temporary differences between the tax bases of assets and liabilities and their reported amounts.

Shipping and Handling Costs. The Company historically has included inbound shipping charges in cost of sales and classified outbound shipping charges as operating expenses. For years ended December 31, 2002 and 2001, the outbound shipping charges included as operating expenses were $747 and $830, respectively.

Derivatives. In June 1998, Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 133, "Accounting for Derivative Instruments and Hedging Activities", as amended by SFAS No. 138, which was issued in June 2000. SFAS No. 133 establishes accounting and reporting standards for derivative instruments. The Company currently does not use derivative financial products for hedging or speculative purposes and as a result, does not anticipate any impact on the Company's financial statements.

New Accounting Standards:
On December 31, 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure." SFAS No. 148 amends SFAS No. 123, "Accounting for Stock-Based Compensation," to provide alternative methods of transition to SFAS No. 123's fair value method of accounting for stock-based employee compensation. SFAS No. 148 also amends the disclosure provisions of SFAS No. 123 and APB Opinion No. 28, "Interim Financial Reporting," to require disclosure in the summary of significant accounting policies of the effects of an entity's accounting policy with respect to stock-based employee compensation on reported net income and earnings per share in annual and interim financial statements. While SFAS No. 148 does not amend SFAS No. 123 to require companies to account for employee stock options using the fair value method, the disclosure provisions of SFAS No. 148 are applicable to all companies with stock-based employee compensation, regardless of whether they account for that compensation using the fair value method of SFAS No. 123 or the intrinsic value method of APB Opinion 25.

In June 2002, FASB issued Statement No. 146, "Accounting for Costs Associated with Exit or Disposal Activities." The standard requires companies to recognize costs associated with exit or disposal activities when they are incurred rather than at the date of a commitment to an exit or disposal plan. Examples of costs covered by the standard include lease termination costs and certain employee severance costs that are associated with a restructuring, discontinued operation, plant closing, or other exit or disposal activity. Previous accounting guidance provided by EITF Issue No. 94-3, "Liability

NOTE 1 - NATURE OF BUSINESS AND CRITICAL ACCOUNTING POLICIES (Continued)

Recognition for Certain employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring) is replaced by this Statement. Statement 146 is to be applied prospectively to exit or disposal activities initiated after December 31, 2002. Management does not anticipate that the adoption of this Statement will have a significant effect on the Company's financial statements.

In April 2002, FASB issued SFAS No. 145, "Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections." This Statement updates, clarifies and simplifies existing accounting pronouncements. The provisions of this Statement related to the rescission of Statement No. 4 are to be applied for fiscal years beginning after May 15, 2002. Any gain or loss on extinguishments of debt that was classified as an extraordinary item in prior periods presented that does not meet the criteria in Opinion No. 30 for classification as an extraordinary item should be reclassified. Provisions of the Statement related to the amendment of Statement No. 13 should be applied for transactions occurring after May 15, 2002, and all other provisions should be applied for financial statements issued on or after May 15, 2002. Management does not anticipate that the adoption of this Statement will have a significant effect on the Company's financial statements.

In October 2001, FASB issued SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. The Statement supersedes SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of, however it retains the fundamental provisions of that statement related to the recognition and measurement of the impairment of long-lived assets to be "held and used." In addition, SFAS No. 144 provides more guidance on estimating cash flows when performing a recoverability test, requires that a long-lived asset (group) to be disposed of other than by sale (e.g., abandoned) be classified as "held and used" until it is disposed of, and establishes more restrictive criteria to classify an asset (group) as "held for sale." The adoption of SFAS No. 144 did not have an impact on the Company.

NOTE 2 - GOING CONCERN

The Company's financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business. As shown in the accompanying financial statements, the Company suffered losses of $11,633 and $10,266 for years ended December 31, 2002 and 2001, respectively, and as of December 31, 2002, the Company's current liabilities exceeded its current assets by $15,867 and its total liabilities exceeded its total assets by $15,866.

In the near term, the Company expects operating costs to continue to exceed funds generated from operations. As a result, the Company expects to continue to incur operating losses and may not have enough money to grow its business in the future. The Company can give no assurance that it will achieve profitability or be capable of sustaining profitable operations. As a result, operations in the near future are expected to continue to use working capital.

NOTE 2 - GOING CONCERN (Continued)

Management is currently involved in active negotiations to obtain additional financing and actively increasing marketing efforts to increase revenues. The Company continued existence depends on its ability to meet its financing requirements and the success of its future operations. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Currently the Company does not stock any inventory. Purchases are incurred and charged through loan from an officer when products are sold to customer. In addition, the Company has generated approximately $7,500 in additional operating capital through sales of its common stock during August 2002.

NOTE 3 - INCOME TAXES

Provision for income tax for years ended December 31, 2002 and 2001 consisted of $800 minimum state franchise tax each year.

As of December 31, 2002, the Company has net operating loss carryforwards, approximately, of $654,408 to reduce future taxable income. To the extent not utilized, the carryforwards will begin to expire through 2022. The Company's ability to utilize its net operating loss carryforwards is uncertain and thus a valuation reserve has been provided against the Company's net deferred tax assets.

The deferred net tax assets consist of the following at December 31:

	2002	2001
Net Operating Loss Carryforwards	$ 227,644	$ 218,813
Valuation Allowance	(227,644)	(218,813)
Net deferred tax assets	$ 0	$ 0

NOTE 4 - NET LOSS PER SHARE

The following table sets forth the computation of basic and diluted net (loss) per share:

	2002	2001
Numerator:		
Net (Loss)	$ (11,633)	$ (10,266)
Denominator:		
Weighted Average Number of Shares	67,884,301	67,259,310
Loss per share-Basic and Diluted	$ (0.00)	$ (0.00)

NOTE 5 - SEGMENT INFORMATION

SFAS No. 131 "Disclosures about Segments of an Enterprise and Related Information" requires that a publicly traded company must disclose information about its operating segments when it presents a complete set of financial statements. Since the Company has only one segment; accordingly, detailed information of the reportable segment is not presented.

NOTE 6 - RELATED PARTY TRANSACTIONS

An officer is currently making payments to purchase inventory on behalf of the Company. As of December 31, 2002 and 2001, the balance due to the officer related the purchases was $1,231 and $223. The Company also has notes payable to the officer in the amount of $8,500, accruing interest at 6% per annum.
