Board Composition, Committees and Director Independence.

Our board of directors currently consists of seven members: Thomas Tierney, John Pappajohn, Zachary McAdoo, Walter Schindler, Robert Follman, Richard Turner and Andrew Sassine. All directors were elected at our annual meeting of stockholders held on May 13, 2014, and will serve until our next annual meeting or until his successor is duly elected and qualified. John Pappajohn was originally elected at our annual meeting of stockholders held on April 27, 2010. Zachary McAdoo was appointed to the Board at a meeting on November 21, 2011 following the resignation of Dr. Jerome Vaccaro on October 30, 2010. Walter Schindler was appointed to the Board at a meeting on December 10, 2012 following the resignation of Dr. Henry Harbin on November 18, 2012. Former directors George Carpenter, David Jones, Maurice De Wald and George Kallins all resigned on November 30, 2012 and Robert Follman, Thomas Tierney, Richard Turner and Andrew Sassine were nominated to the Board on December 10, 2012 and were empanelled on February 25, 2013, 10 days after the completion of the mailing to all stockholders of the information statement pursuant to Section 14(f) of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

The Company's securities are not listed on a national securities exchange or an inter-dealer quotation system that requires a majority of the Board of Directors to be independent. We nonetheless use the definition of "independence" under Rule 5602 of the NASDAQ Stock Market Rules, as applicable and as may be modified or supplemented from time to time and the interpretations thereunder, to determine if the members of our Board are independent. In making this determination, our Board considers, among other things, transactions and relationships between each director and his immediate family and the Company, including those reported under the caption "Certain Relationships and Related Transactions." The purpose of this review is to determine whether any such relationships or transactions are material and, therefore, inconsistent with a determination that the directors are independent. On the basis of such review and its understanding of such relationships and transactions, all our Board members are "independent" directors as that term is defined in the NASDAQ Stock Market Rules except for John Pappajohn and Walter Schindler.

Board Committees

Our Board of Directors established an audit committee and a compensation committee at a Board meeting held on March 3, 2010, and a governance and nominations committee at a Board meeting held on March 22, 2012. Each committee has its own charter, which is available on our website at www.cnsresponse.com. Information contained on our website is not incorporated herein by reference. Each of the Board committees has the composition and responsibilities described below.

Audit Committee

We have a separately designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. Messrs. McAdoo (Chair), Sassine and Turner are the members of the audit committee. They are “independent” within the meaning of Rule 10A-3 under the Exchange Act and the NASDAQ Stock Market Rules. Our Board has previously determined that Mr. McAdoo serves as the “audit committee financial expert,” as such term is defined in Item 407(d)(5) of Regulation S-K. In his roles as president of, and analyst and portfolio manager in, various investment firms, Mr. McAdoo has gained over 10 years of experience analyzing the financial statements of public companies, assessing the use of accounting methods employed by those companies and the financial acumen of management.

The audit committee oversees our accounting and financial reporting processes and oversees the audit of our financial statements and the effectiveness of our internal control over financial reporting. The specific functions of this committee include:

- selecting and recommending to our Board of Directors the appointment of an independent registered public accounting firm and overseeing the engagement of such firm;
- approving the fees to be paid to the independent registered public accounting firm;
- helping to ensure the independence of our independent registered public accounting firm;
- overseeing the integrity of our financial statements;
- preparing an audit committee report as required by the SEC to be included in our annual proxy statement;
- reviewing major changes to our auditing and accounting principles and practices as suggested by our company’s independent registered public accounting firm, internal auditors (if any) or management;
- reviewing and approving all related party transactions; and
- overseeing our compliance with legal and regulatory requirements.

Audit Committee Report¹

In fulfilling its responsibilities for the financial statements for fiscal year 2014, the audit committee of the Board of Directors:

- reviewed and discussed the audited financial statements for the year ended September 30, 2014 with management and Anton & Chia, LLP (the “Auditors”), the Company’s independent auditors; and
- received written disclosures and the letter from the Auditors regarding their independence as required by Independence Standards Board Standard No. 1. The audit committee discussed with the Auditors their independence.

In fulfilling its responsibilities for the financial statements for fiscal year 2014, the audit committee discussed with the Auditors the matters required to be discussed by Auditing Standards No. 16 relating to the conduct of the audit. The audit committee also considered the status of other areas of oversight relating to the financial reporting and audit process that it determined appropriate.

Based on the audit committee’s review of the audited financial statements and discussions with management and the Auditors, the audit committee recommended to the Board of Directors the inclusion of the audited financial statements in the Company’s Annual Report on Form 10-K for the year ended September 30, 2014 for filing with the Securities and Exchange Commission. The audit committee has considered whether the provision of non-audit services is compatible with maintaining the principal accountant’s independence.

Audit Committee of the Board of Directors
Zachary McAdoo

- (1) The material in this Audit Committee Report is not “soliciting material” and is not deemed “filed” with the SEC and is not to be incorporated by reference in any of our filings under the Securities Act of 1933, as amended, or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Compensation Committee

Our compensation committee assists the Board of Directors in the discharge of its responsibilities relating to the compensation of the Board of Directors and our executive officers. Messrs. Tierney, Pappajohn and Schindler are the members of our compensation committee. The Board is expected to determine that Mr. Tierney is “independent” within the meaning of the NASDAQ Stock Market Rules and all three members qualify as “non-employee directors” under Rule 16b-3 of the Exchange Act. Mr. Pappajohn and Mr. Schindler likely do not qualify as “independent” directors.

The committee’s compensation-related responsibilities include:

- assisting our Board of Directors in developing and evaluating potential candidates for executive positions and overseeing the development of executive succession plans;
- reviewing and approving, on an annual basis, the corporate goals and objectives with respect to compensation for our chief executive officer;
- reviewing, approving and recommending to our Board of Directors on an annual basis the evaluation process and compensation structure for our other executive officers;
- providing oversight of management’s decisions concerning the performance and compensation of other company officers, employees, consultants and advisors;
- reviewing our incentive compensation and other stock-based plans and recommending changes in such plans to our Board of Directors as needed, and exercising all the authority of our Board of Directors with respect to the administration of such plans;
- reviewing and recommending to our Board of Directors the compensation of independent directors, including incentive and equity-based compensation; and
- selecting, retaining and terminating such compensation consultants, outside counsel and other advisors as it deems necessary or appropriate.

Governance and Nominations Committee

The purpose of the governance and nominations committee is to recommend to the Board nominees for election as directors and persons to be elected to fill any vacancies on the Board, develop and recommend a set of corporate governance principles and oversee the performance of the Board. Messrs. Follman, Sassine and Turner are the members of our governance and nominations committee. The Board is expected to determine that they are “independent” within the meaning of the NASDAQ Stock Market Rules.

The committee’s responsibilities include:

- *Selecting director nominees.* The governance and nominations committee recommends to the Board of Directors nominees for election as directors at any meeting of stockholders and nominees to fill vacancies on the Board. The governance and nominations committee would consider candidates proposed by stockholders and will apply the same criteria and follow substantially the same process in considering such candidates as it does when considering other candidates. The governance and nominations committee may adopt, in its discretion, separate procedures regarding director candidates proposed by our stockholders. Director recommendations by stockholders must be in writing, include a resume of the candidate’s business and personal background and include a signed consent that the candidate would be willing to be considered as a nominee to the Board and, if elected, would serve. Such recommendation must be sent to the Company’s Secretary at the Company’s executive offices. When it seeks nominees for directors, our governance and nominations committee takes into account a variety of factors including (a) ensuring that the Board, as a whole, is diverse and consists of individuals with various and relevant career experience, relevant technical skills, industry knowledge and experience, financial expertise (including expertise that could qualify a director as a “financial expert,” as that term is defined by the rules of the SEC), local or community ties and (b) minimum individual qualifications, including strength of character, mature judgment, familiarity with the company’s business and industry, independence of thought and an ability to work collegially. The Company is of the view that the continuing service of qualified incumbents promotes stability and continuity in the Board room, contributing to the ability of the Board of Directors to work as a collective body, while giving the Company the benefit of the familiarity and insight into the Company’s affairs that its directors have accumulated during their tenure. Accordingly, the process of the governance and nominations committee for identifying nominees reflects the Company’s practice of re-nominating incumbent directors who continue to satisfy the committee’s criteria for membership on the Board of Directors, whom the committee believes continue to make important contributions to the Board of Directors and who consent to continue their service on the Board of Directors. The Board has not adopted a formal policy with respect to its consideration of diversity and does not follow any ratio or formula to determine the appropriate mix; rather, it uses its judgment to identify nominees whose backgrounds, attributes and experiences, taken as a whole, will contribute to the high standards of Board service. The governance and nominations committee may adopt, and periodically review and revise as it deems appropriate, procedures regarding director candidates proposed by stockholders.
- *Reviewing requisite skills and criteria for new Board members and Board composition.* The governance and nominations committee reviews with the entire Board of Directors, on an annual basis, the requisite skills and criteria for Board candidates and the composition of the Board as a whole.
- *Hiring of search firms to identify director nominees.* The governance and nominations committee has the authority to retain search firms to assist in identifying Board candidates, approve the terms of the search firm’s engagement, and cause the Company to pay the engaged search firm’s engagement fee.
- *Selection of committee members.* The governance and nominations committee recommends to the Board of Directors, on an annual basis, the directors to be appointed to each committee of the Board of Directors.
- *Evaluation of the Board of Directors.* The governance and nominations committee will oversee an annual self-evaluation of the Board of Directors and its committees to determine whether it and its committees are functioning effectively.
- *Development of Corporate Governance Guidelines.* The governance and nominations committee will develop and recommend to the Board a set of corporate governance guidelines applicable to the Company.

The governance and nominations committee may delegate any of its responsibilities to subcommittees as it deems appropriate. The governance and nominations committee is authorized to retain independent legal and other advisors, and conduct or authorize investigations into any matter within the scope of its duties.

Governance Agreements

On November 28, 2012, the Company entered into Governance Agreements with Equity Dynamics and SAIL Capital Partners. Pursuant to these agreements, the Company agreed, subject to providing required notice to stockholders, to appoint a certain number of persons nominated by Equity Dynamics and SAIL Capital Partners to the Company's Board of Directors and to create vacancies for that purpose, if necessary. The number of persons to be nominated by Equity Dynamics and SAIL Capital Partners pursuant to this provision is four and three, respectively. In addition, at each meeting of stockholders of the Company at which directors are nominated and elected, the Company agreed to nominate for election four designees of Equity Dynamics and three designees of SAIL Capital Partners and to take all necessary action to support their election and oppose any challenges to such designees. Under the terms of the agreements, the Company may not increase the number of directors to more than seven without the consent of Equity Dynamics and SAIL Capital Partners. The Governance Agreements terminate in the event of the sale of substantially all of the Company's assets or a change of control, or upon any issuance of securities by the Company to parties not including Equity Dynamics and SAIL Capital Partners, from which the Company receives gross proceeds of at least \$10 million.

Board Meetings

During the fiscal year ended September 30, 2014, the Board held thirteen meetings and the Board Committees held a total of six meetings. Each incumbent director, except for Messrs. Turner and Sassine, attended 75% or more of the total number of meetings of the Board and the Board Committees of which he was as a member during the period he served as a director in fiscal year 2014. The Board of Directors did not meet in executive session during the fiscal year ended September 30, 2014.

The Company has not yet established a policy with respect to Board members' attendance at its annual meetings.

Board Leadership Structure

To assure effective and independent oversight of management, our Board of Directors operates with the roles of Chief Executive Officer and Chairman of the Board separated in recognition of the differences between these two roles in the management of the Company. The Chairman of the Board is an independent, non-management role.

Our Board of Directors believes that this leadership structure provides the most effective leadership model for our Company. By permitting more effective monitoring and objective evaluation of the Chief Executive Officer's performance, this structure increases the accountability of the Chief Executive Officer. A separation of the Chief Executive Officer and Chairman roles also prevents the former from controlling the Board's agenda and information flow, thereby reducing the likelihood that the Chief Executive Officer would abuse his power.

Board Oversight of Risk Management

Our Board of Directors believes that overseeing how management manages the various risks we face is one of its most important responsibilities to the Company's stakeholders. Our Board believes that, in light of the interrelated nature of the Company's risks, oversight of risk management is ultimately the responsibility of the full Board; however, it has delegated this responsibility to the audit committee with respect to financial risk. The audit committee meets before each quarterly filing on Form 10-Q or the annual filing on Form 10-K with management and the independent registered public accounting firm to review the Company's major financial risk exposures and the steps taken to monitor and control such exposures. Our Board meets regularly to discuss the strategic direction and the issues and opportunities facing our company. Throughout the year, our Board provides guidance to management regarding our strategy and helps to refine our plans to implement our strategy. The involvement of the Board in setting our business strategy is critical to the determination of the types and appropriate levels of risk undertaken by the Company.

Stockholder Communications

Interested parties may communicate with any and all members of our Board of Directors by transmitting correspondence addressed to one or more directors by name at the address appearing on the cover page of our Annual Report on Form 10-K. Communications from our stockholders to one or more directors will be collected and organized by our Corporate Secretary and will be forwarded to the Chairman of the Board of Directors or to the identified director(s) as soon as practicable. If multiple communications are received on a similar topic, the Corporate Secretary may, in his discretion, forward only representative correspondence. The Chairman of the Board of Directors will determine whether any communication addressed to the entire Board of Directors should be properly addressed by the entire Board of Directors or a committee thereof. If a communication is sent to the Board of Directors or a Committee, the Chairman of the Board of Directors or the Chairman of that committee, as the case may be, will determine whether a response to the communication is warranted.

Conflicts of Interest

We are not aware of any current conflicts of interest between our officers and directors, and us. However, certain potential conflicts of interests may arise in the future.

From time to time, one or more of our affiliates may form or hold an ownership interest in and/or manage other businesses both related and unrelated to the type of business that we own and operate or may own and operate in the future. These persons may continue to form, hold an ownership interest in and/or manage additional other businesses which may compete with ours with respect to operations, including financing and marketing, management time and services and potential customers. These activities may give rise to conflicts between or among our interests and other businesses with which our affiliates are associated. Our affiliates are in no way prohibited from undertaking such activities, and neither we nor our stockholders will have any right to require participation in such other activities.

Further, because we may transact business with some of our officers, directors and affiliates, as well as with firms in which some of our officers, directors or affiliates have a material interest, potential conflicts may arise between the respective interests of us and these related persons or entities. We believe that such transactions will be effected on terms at least as favorable to us as those available from unrelated third parties.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers and the holders of more than 10% of our Common Stock to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of our equity securities. Based solely on our review of the copies of the forms received by us and written representations from certain reporting persons that they have complied with the relevant filing requirements, we believe that, during the year ended September 30, 2014, all of our executive officers, directors and the holders of 5% or more of our Common Stock complied with all Section 16(a) filing requirements.

Code of Ethics

Our Board of Directors has adopted a Code of Ethical Conduct (the "Code of Conduct") which constitutes a "code of ethics" as defined by applicable SEC rules and a "code of conduct" as defined by applicable NASDAQ rules. We require all employees, directors and officers, including our principal executive officer and principal financial officer to adhere to the Code of Conduct in addressing legal and ethical issues encountered in conducting their work. The Code of Conduct requires that these individuals avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner and otherwise act with integrity and in our best interest. The Code of Conduct contains additional provisions that apply specifically to our Chief Executive Officer, Chief Financial Officer and other finance department personnel with respect to full and accurate reporting. The Code of Conduct is available on our website at www.cnsresponse.com. The Company will post any amendments to the Code of Conduct, as well as any waivers that are required to be disclosed by the rules of the SEC on such website.

ITEM 11. Executive Compensation

Unless otherwise indicated, all stock-based amounts appearing in this Amendment on Form 10-K/A to our Annual Report on Form 10-K have been adjusted to give effect to the 1-for-30 reverse stock split effective April 2, 2012.

Overview of Compensation Practices

Our executive compensation program is administered by the compensation committee.

Compensation Philosophy

Generally, we compensate our executive officers with a compensation package that is designed to drive company performance to maximize stockholder value while meeting our needs and the needs of our executives. The following are objectives we consider:

- Alignment — to align the interests of executives and stockholders through equity-based compensation awards;
- Retention — to attract, retain and motivate highly qualified, high performing executives to lead our growth and success; and
- Performance — to provide, when appropriate, compensation that is dependent upon the executive's achievements and the Company's performance.

In order to achieve the above objectives, our executive compensation philosophy is guided by the following principles:

- Rewards under incentive plans are based upon our short-term and longer-term financial results and increasing stockholder value;
- Executive pay is set at sufficiently competitive levels to attract, retain and motivate highly talented individuals who are necessary for us to achieve our goals, objectives and overall financial success;
- Compensation of an executive is based on such individual's role, responsibilities, performance and experience; and
- Annual performance of our company and the executive are taken into account in determining annual bonuses with the goal of fostering a pay-for-performance culture.

Compensation Elements

We compensate our executives through a variety of components, which may include a base salary, annual performance-based incentive bonuses, equity incentives, and benefits and perquisites, in order to provide our executives with a competitive overall compensation package. The mix and value of these components are impacted by a variety of factors, such as responsibility level, individual negotiations and performance and market practice. The purpose and key characteristics for each component are described below.

Base Salary

Base salary provides executives with a steady income stream and is based upon the executive's level of responsibility, experience, individual performance and contributions to our overall success, as well as negotiations between the company and such executive officer. Competitive base salaries, in conjunction with other pay components, enable us to attract and retain talented executives. The Board typically sets base salaries for our executives at levels that it deems to be competitive, with input from our Chief Executive Officer.

Annual Incentive Bonuses

Annual incentive bonuses are a variable performance-based component of compensation. The primary objective of an annual incentive bonus is to reward executives for achieving corporate and individual goals and to align a portion of total pay opportunities for executives to the attainment of our company's performance goals. Annual incentive awards, when provided, act as a means to recognize the contribution of our executive officers to our overall financial, operational and strategic success.

Equity Incentives

Equity incentives are intended to align executive and stockholder interests by linking a portion of executive pay to long-term stockholder value creation and financial success over a multi-year period. Equity incentives may also be provided to our executives to attract and enhance the retention of executives and to facilitate stock ownership by our executives. The Board considers individual and company performance when determining long-term incentive opportunities.

Health and Welfare Benefits

The executive officers participate in health and welfare and paid time-off benefits which we believe are competitive in the marketplace. Health and welfare and paid time-off benefits help ensure that we have a productive and focused workforce.

Severance and Change of Control Arrangements

We do not have a formal plan for severance or separation pay for our employees, but we typically include a severance provision in the employment agreements of our executive officers that have written employment agreements with us. Generally, such provisions are triggered in the event of involuntary termination of the executive without cause or in the event of a change in control. Please see the description of our employment agreements with each of George Carpenter and Paul Buck below for further information.

Other Benefits

In order to attract and retain highly qualified executives, we may provide our executive officers with automobile allowances, consistent with current market practices.

Accounting and Tax Considerations

We consider the accounting and tax implications of all aspects of our executive compensation strategy and, so long as doing so does not conflict with our general performance objectives described above, we strive to achieve the most favorable accounting and tax treatment possible to the Company and our executive officers.

Process for Setting Executive Compensation; Factors Considered

When making pay determinations for named executive officers, the Board considers a variety of factors including, among others: (1) actual company performance as compared to pre-established goals, (2) individual executive performance and expected contribution to our future success, (3) changes in economic conditions and the external marketplace, (4) prior years' bonuses and long-term incentive awards, and (5) in the case of executive officers, other than Chief Executive Officer, the recommendation of our Chief Executive Officer, and in the case of our Chief Executive Officer, his negotiations with our Board. No specific weighting is assigned to these factors nor are particular targets set for any particular factor. Ultimately, the Board uses its judgment and discretion when determining how much to pay our executive officers and sets the pay for such executives by element (including cash versus non-cash compensation) and in the aggregate, at levels that it believes are competitive and necessary to attract and retain talented executives capable of achieving the Company's long-term objectives.

Narrative Disclosure to Summary Compensation Table

In connection with the November 28, 2012 closing of the Bridge Financing, the Company entered into Forfeiture and Exchange Agreements with its executive officers, George Carpenter and Paul Buck. Pursuant to these agreements, the executives agreed to waive receipt of and release the Company from the payment of 50% of their salaries accrued from August 31, 2010 to September 30, 2012 (amount waived was \$56,250 for George Carpenter and \$66,083 for Paul Buck), in consideration for which the Company agreed to issue to such executives a certain number of shares of its Common Stock: 56,250 for George Carpenter and 66,083 for Paul Buck). Any remaining accrued salary was to remain outstanding and be paid (i) from time to time at the discretion of the Board of Directors to the extent the Board of Directors determines that such payment would not jeopardize the ability of the Company to continue as a going concern; or (ii) upon the closing of any single financing transaction (including a single financing transaction that contemplates multiple closings) in which the Company receives proceeds of \$5 million or more. Additionally, where applicable, the executives agreed to waive receipt of, and release the Company from, the payment of any previously approved bonus award. Under the agreements, the Company agreed to indemnify the executives for all federal and state income tax payable and actually paid by the executive related directly to the receipt of the Common Stock, the per share value of which was not expected to be more than the conversion price of the October 2012 Bridge Notes which was \$0.04718 per share.

On December 10, 2012, the Board approved the amendment of the Company's 2012 Omnibus Incentive Compensation Plan (the "2012 Option Plan") to increase the shares authorized for issuance under the 2012 Option Plan from 333,334 shares to 5,500,000 shares. The Board also granted to each of the five former directors, which included George Carpenter, fully vested options to purchase 25,000 shares of its Common Stock pursuant to the 2012 Option Plan at an exercise price of \$0.04718 per share. Finally, the Board granted to the Company's executive officers options to purchase shares of its Common Stock pursuant to the 2012 Option Plan at an exercise price of \$0.04718 per share as follows: George Carpenter 1,200,000 shares and Paul Buck 1,400,000 shares. These options vest in increments of 12.5% at the beginning of each quarter starting from the date of grant.

The 2012 Option Plan was approved by the Board on March 22, 2012, and was approved by the stockholders at the annual meeting on May 23, 2013.

On October 8, 2013, the Board granted to the Company's two executive officers, Mr. Carpenter and Mr. Buck and two senior managers (combined "managers") options to purchase shares of its Common Stock pursuant to the 2012 Option Plan, at an exercise price of \$0.25 per share as follows: George Carpenter 435,000 shares, Paul Buck 470,000 shares, Stewart Navarre 385,000 shares and Brian MacDonald 310,000 shares. These options vest evenly over 12 months starting from the date of grant. The four managers had agreed to forego a portion of their salaries in fiscal year 2014 as follows: George Carpenter \$98,000, Paul Buck \$106,500, Stewart Navarre \$83,600 and Brian MacDonald \$66,700. These executive officers and managers were paid their salaries which had been earned and accrued during fiscal years 2013 and 2012. The accruals which were paid were equivalent to the fiscal year 2014 salaries that they had agreed to forego in lieu of receiving the options pursuant to the Employment Compensation Forfeiture and Exchange Agreement dated December 16, 2013.

Since the Company had limited cash and cash equivalent resources as of September 30, 2014 and 2013, no bonuses were paid or accrued for our executive officers during the fiscal years ended September 30, 2014 and 2013.

Please refer to the footnotes to the Summary Compensation Table for a description of the components of All Other Compensation received by the named executive officers.

The following are summaries of employment agreements that we have entered into with respect to our two named executive officers. These summaries include, where applicable, a description of all payments the Company is required to make to such named executive officers at, following or in connection with the resignation, retirement or other termination of such named executive officers, or a change in control of our company or a change in the responsibilities of such named executive officers following a change in control.

Employment Agreements

George Carpenter

On October 1, 2007, we entered into an employment agreement with George Carpenter pursuant to which Mr. Carpenter began serving as our President. During the period of his employment, Mr. Carpenter received a base salary of no less than \$180,000 per annum, which was subject to upward adjustment at the discretion of the Chief Executive Officer or our Board of Directors. On March 3, 2010, the Board of Directors increased the annual base salary of Mr. Carpenter to \$270,000, with the increase in salary having retroactive effect to January 1, 2010. In the event of a change of control transaction, a portion of Mr. Carpenter's unvested options equal to the number of unvested options at the date of the corporate transaction multiplied by the ratio of the time elapsed between option grant date and the date of the corporate transaction over the vesting period will automatically accelerate, and become fully vested. Mr. Carpenter is entitled to four weeks' vacation per annum, health and dental insurance coverage for himself and his dependents, and other fringe benefits that we offer our employees from time to time.

Mr. Carpenter's employment is on an "at-will" basis, and Mr. Carpenter may terminate his employment with us for any reason or for no reason. Similarly, we may terminate Mr. Carpenter's employment with or without cause. If we terminate Mr. Carpenter's employment without cause or Mr. Carpenter involuntarily terminates his employment with us (an involuntary termination includes changes, without Mr. Carpenter's consent or pursuant to a corporate transaction, in Mr. Carpenter's title or responsibilities so that he is no longer the President of our company), Mr. Carpenter shall be eligible to receive as severance his salary and benefits for a period equal to six months payable in one lump sum upon termination. If Mr. Carpenter is terminated by us for cause, or if Mr. Carpenter voluntarily terminates his employment, he will not be entitled to any severance.

As of April 10, 2009, Mr. Carpenter was named Chief Executive Officer and a director of the Company and, on April 29, 2011, became our President again. This was a position he had held from the time that he had joined the Company in October 2007 through to April 10, 2009 when he was named Chief Executive Officer and Chairman of the Board. Mr. Carpenter resigned from the Board of Directors on November 30, 2012, and remains the President and Chief Executive Officer of the Company.

Paul Buck

On February 18, 2010, we entered into an employment agreement with Paul Buck pursuant to which Mr. Buck began serving as our Chief Financial Officer on an "at will" basis and was to be paid a salary of no less than \$208,000 per annum, which is subject to upward adjustment at the discretion of the Chief Executive Officer or the Board of Directors of our company. In the event of a change of control transaction, a portion of Mr. Buck's unvested options equal to the number of unvested options at the date of the corporate transaction multiplied by the ratio of the time elapsed between option grant date and the date of the corporate transaction over the vesting period will automatically accelerate, and become fully vested. Mr. Buck is entitled to four weeks' vacation per annum, health and dental insurance coverage for himself and his dependents, and other fringe benefits that we offer our employees from time to time. As Mr. Buck's employment is on an "at-will" basis, he may terminate his employment with us for any reason or for no reason. Similarly, we may terminate Mr. Buck's employment with or without cause. If we terminate Mr. Buck's employment without cause or Mr. Buck involuntarily terminates his employment with us, Mr. Buck shall be eligible to receive as severance his salary and benefits for a period equal to six months payable in one lump sum upon termination. If Mr. Buck is terminated by us for cause, or if Mr. Buck voluntarily terminates his employment, he will not be entitled to any severance.

2006 Stock Incentive Plan

On August 3, 2006, CNS California adopted the CNS California 2006 Stock Incentive Plan (the "2006 Option Plan"). On March 7, 2007, in connection with the closing of the merger transaction with CNS California, we assumed the CNS California stock option plan and all of the options granted under the plan at the same price and terms. Subsequently, we amended the 2006 Option Plan on March 3, 2010 to increase the number of shares of Common Stock reserved for issuance under the 2006 Option Plan from 333,334 to 666,667 shares and increased the limit on shares underlying awards granted within a calendar year to any eligible employee or director from 100,000 to 133,334 shares of Common Stock. The amendment was approved by our stockholders at the annual meeting held on April 27, 2010. The following is a summary of the 2006 Option Plan, as amended, which we use to provide equity compensation to employees, directors and consultants to our company.

The 2006 Option Plan provides for the issuance of awards in the form of restricted shares, stock options (which may constitute incentive stock options (ISO) or nonstatutory stock options (NSO)), stock appreciation rights and stock unit grants and is administered by the Board of Directors. The option price for each share of stock subject to an option shall be (i) no less than the fair market value of a share of stock on the date the option is granted, if the option is an ISO, or (ii) no less than 85% of the fair market value of the stock on the date the option is granted, if the option is a NSO; provided, however, if the option is an ISO granted to an eligible employee who is a 10% stockholder, the option price for each share of stock subject to such ISO shall be no less than 110% of the fair market value of a share of stock on the date such ISO is granted. Stock options have a maximum term of ten years from the date of grant, except for ISOs granted to an eligible employee who is a 10% stockholder, in which case the maximum term is five years from the date of grant. ISOs may be granted only to eligible employees.

We have adopted ASC 718-20 (formerly, SFAS No. 123R — revised 2004, “Share-Based Payment”), and related interpretations. Under ASC 718-20, share-based compensation cost is measured at the grant date based on the calculated fair value of the award. We estimate the fair value of each option on the grant date using the Black-Scholes model. Stock-based compensation expense is recognized over the employees’ or service provider’s requisite service period, generally the vesting period of the award.

Originally, a total of 333,334 shares of Common Stock were reserved for issuance under the 2006 Option Plan. The 2006 Option Plan also originally provided that in any calendar year, no eligible employee or director shall be granted an award to purchase more than 100,000 shares of stock. On March 3, 2010, the Board of Directors approved an amendment to the 2006 Option Plan which increased the number of shares of Common Stock reserved for issuance under the 2006 Option Plan from 333,334 to 666,667 shares and increased the limit on shares underlying awards granted within a calendar year to any eligible employee or director from 100,000 to 133,334 shares of Common Stock. The amendment was approved by stockholders at the annual meeting held on April 27, 2010.

As of September 30, 2014, options to purchase 70,825 shares of Common Stock were exercised and there were options to purchase 501,924 shares of Common Stock and 6,132 restricted shares outstanding under the amended 2006 Option Plan, leaving 87,786 shares of Common Stock which have not been awarded. The 2006 Option Plan has been frozen and replaced by the 2012 Omnibus Incentive Compensation Plan.

2012 Omnibus Incentive Compensation Plan

On March 22, 2012, the CNS Response, Inc. 2012 Omnibus Incentive Compensation Plan (the “2012 Option Plan”), was approved by our Board of Directors and was approved by stockholders at the Company’s annual meeting held on May 23, 2013. The 2012 Option Plan replaced the Company’s abovementioned 2006 Option Plan. The 2012 Option Plan provides for the grant of options (including nonqualified options and incentive stock options), restricted stock, performance units, performance shares, deferred stock, restricted stock units, dividend equivalents, bonus shares and other stock-based awards to directors, officers, employees and/or consultants of the Company. The plan provides for the grant of awards pursuant to which up to 15,000,000 shares of our Common Stock may be issued.

On December 10, 2012, the Board approved the amendment of the Company’s 2012 Option Plan to increase the shares authorized for issuance under the 2012 Option Plan from 333,334 shares to 5,500,000 shares. Additionally, on March 26, 2013, the Board approved the amendment of the Company’s 2012 Option Plan to increase the shares authorized for issuance under the 2012 Option Plan from 5,500,000 shares to 15,000,000 shares.

On October 8, 2013, the Board granted to the Company’s two executive officers, Mr. Carpenter and Mr. Buck and two senior managers (combined “managers”) options to purchase shares of its Common Stock pursuant to the 2012 Omnibus Incentive Compensation Plan, as amended, at an exercise price of \$0.25 per share as follows: George Carpenter 435,000 shares, Paul Buck 470,000 shares, Stewart Navarre 385,000 shares and Brian MacDonald 310,000 shares. These options vest evenly over 12 months starting from the date of grant. The four managers agreed to forego a portion of their salaries in fiscal year 2014 as follows: George Carpenter \$98,000, Paul Buck \$106,500, Stewart Navarre \$83,600 and Brian MacDonald \$66,700. These executive officers and managers will be paid out of the salaries which were earned and accrued during fiscal year 2013 and fiscal year 2012. The accruals to be paid out are equivalent to the fiscal year 2014 salaries that they have agreed to forego in lieu of receiving the options pursuant to the Employment Compensation Forfeiture and Exchange Agreement dated December 16, 2014.

As of September 30, 2014, no options were exercised and options to purchase 11,915,575 shares of Common Stock were outstanding under the 2012 Option Plan, as amended, leaving 3,084,425 shares which are available to be awarded.

ITEM 13. Certain Relationships and Related Transactions, and Director Independence

Certain Relationships and Related Transactions

On November 28, 2012, pursuant to the Amended and Restated Consent, Note Amendment and Warrant Forfeiture Agreement dated October 24, 2012, between the Company and the holders of at least a majority in aggregate principal amount outstanding ("Majority Holders") of each tranche of the Company's convertible promissory notes issued (the October 2010 Notes, the January 2011 Notes, the October 2011 Notes and the February 2012 Note), all of such notes were amended to (a) extend the maturity date of October 1, 2013, (b) set the conversion price at \$1.00, subject to adjustment as provided in the notes and (c) remove full-ratchet anti-dilution protection. In addition, the holders forfeited the warrants they received in connection with the issuance of the notes, and consented to the 2012 Bridge Financing, the issuance of the October 2012 Notes and to the subordination of their notes to these October 2012 Notes. The holders of the above mentioned notes included the following directors or entities beneficially owned by them: John Pappajohn, Walter Schindler, Andrew Sassine, Zachary McAdoo and former director George Kallins. The Company's Chief Financial Officer, Paul Buck, was also a note holder.

As a condition of the November 28, 2012 closing of the 2012 Bridge Financing, the Company also entered into Employment Compensation Forfeiture and Exchange Agreements (“Forfeiture and Exchange Agreements”) with three of its executive officers, George Carpenter, Paul Buck and Michael Darkoch. Pursuant to these agreements, the executives agreed to waive receipt of and release the Company from the payment of 50% of their salaries accrued from August 31, 2010 to September 30, 2012 (amount waived was \$56,250 for George Carpenter, \$66,083 for Paul Buck and \$43,333 for Michael Darkoch), in consideration for which the Company agreed to issue to such executives a certain number of shares of its Common Stock (56,250 for George Carpenter, 66,083 for Paul Buck and 43,333 for Michael Darkoch). Any remaining accrued salary remains outstanding and shall be paid (i) from time to time at the discretion of the Board to the extent the Board determines that such payment will not jeopardize the ability of the Company to continue as a going concern; or (ii) upon the closing of any single financing transaction (including a single financing transaction that contemplates multiple closings) in which the Company receives proceeds of \$5 million or more. Additionally, where applicable, the executives agreed to waive receipt of and release the Company from the payment of any previously approved bonus award. Under the agreements, the Company agreed to indemnify the executives for all federal and state income tax payable and actually paid by the executive related directly to the receipt of the Common Stock, the per share value of which was not expected to be more than the conversion price of the October 2012 Notes which was \$0.04718 per share.

On February 6, 2013, the Company filed with the SEC Schedule 14f-1 in connection with the change in a majority of the Board. The 14f-1 was mailed to stockholders of record by February 13, 2013. The New Board Members took office as directors on February 25, 2013. Messrs. Turner and Sassine were appointed to the Board as nominees of Equity Dynamics, Inc. (“Equity Dynamics”), an entity owned by Board member John Pappajohn, pursuant to the terms of the governance agreement, dated November 28, 2012, between the Company and Equity Dynamics. Messrs. Tierney and Follman were appointed to the Board as nominees of SAIL Capital Partners, which is affiliated with Board member Walter Schindler, pursuant to the terms of the governance agreement, dated November 28, 2012, between the Company and SAIL Capital Partners.

On August 12, 2013, all of the holders of \$1.00 convertible notes (“\$1 Note(s)”) (see Note 4 above) converted \$1 Note(s) in the aggregate principal amount of \$6,363,900, plus \$1,359,400 in accrued interest thereon, into shares of Common Stock at the price of \$0.25 per share. The conversion followed an amendment of the Notes to permit a temporary reduction in the conversion price from \$1.00 per share to \$0.25 per share. All \$1 Note holders consented to the amendment and converted their Notes and interest thereon at a conversion price of \$0.25 per share of Common Stock with the resultant issuance of 30,893,419 shares. The \$1 Note holders included four affiliates of the Company:

- Mr. Pappajohn, a Director of the Company, converted six notes with an aggregate principal amount of \$1,511,700, plus \$317,900 of interest thereon, into 7,318,229 shares of Common Stock;
